## DISSENSION!

### Air Cleared In Off-Chest Remarks

#### Council Settles Down To Harmony & Understanding

The City Council met in adjourned session Tuesday evening with the entire purpose of "hammering out" a budget for the year 1966-67.

Mayor Parks opened the meeting, and due to what seemed to be erroneous reports and misunderstanding, presented a statement by the auditors of the City of Sierra Madre stating that expense and income as recorded on the books of the City, relative to the Water Department were correct, and according to the book-keeping system of the city did not show any deficiencies in operation.

Due to a "flyer" being sent to an undetermined number of taxpayers and citizens in the area, an estimated 50 to 60 letters were received by Mayor Parks and Council members containing the desires of the taxpayers for consideration in the final stages of the budget preparation.

Temper seemed to be "red hot" as some members had been quoted and al-

ready judging the forthcoming budget, others were determined that these commitments could not be substantiated, hence something must give, before members of the Council could settle down to the job ahead.

Mayor Parks having cleared the air relative to a telegram received by him as to his leadership, then passed the discussion to Councilwoman Maddox.

Councilwoman Maddox, having a deep and sincere feeling, that this newspaper, and ex-councilman Ralph R. Rule had gone beyond the desire for good government and had launched a campaign against her and Councilman Wagner to the point of "personal persecution," spent approximately 30 minutes in a well-written and well-presented statement justifying her position to give to the people of the community the very best in government services at a cost that would give the

#### Ad Hoc Water Report Given City Council

The Ad Hoc Water Committee, consisting of W. Webster Vannier as chairman, Perry Brown and R. Robert Evans presented to the City Council Monday evening their 100 page report on future supplemental water as made by Engineering-Science, Inc.

Present for the report were all Council members, the committee and Sierra Madre's representative to the district SGVMD, Dr. David Wood, City Engineer, W. J. Lockman, City Administrator Bevington, and Joseph Feeney of Engineering-Science.

In the audience were attorneys, engineers and members of the district, as well as members of the SGVMD.

City Administrator Bevington reviewed the formation of the district, and Joseph Feeney reviewed the report with comments from the committee. David Wood presented the position of the district on supplemental water, and how they proposed to make delivery. A question and answer period

### City Foundation Being Torn Away Piece By Piece; Compromise Necessary

#### A Breeding Ground For Hot Recalls and Inactivities

by R. ROBERT EVANS

Complete dissension appeared to reign throughout our town, basically starting with the final filing in February for the positions of three Council seats.

This dissension over the past few months seemed to mount as time passed with the election and the seating of the new Council. This situation was deeply aggravated by this newspaper's standing on the platform of "good government" regardless of who would be elected, and carried forth by other publications with the desire to create headlines of such magnitude that it stampeded the population and taxpayers into statements and opinions that has never been prevalent prior to this crucial year.

The dissension seemed to gather momentum with each and every passing day, until it spread throughout all city employees, pitted friend against friend, creating a situation of disharmony and the inability of clear thinking on the part of many who have been charged with the responsibility of running the affairs of our city.

Council members met Tuesday evening, July 19, each coming to the chamber with the thought of tearing each other limb from limb, this was evidenced to a great extent in the "standing room only" of the citizens present.

The Council was to meet

to "hammer" out the budget for the coming year, but telegrams, letters and flyers had brought tempers to a "red hot" pitch, and it was very evident that many things must be said by the members present before any worthwhile working plan could be earnestly studied and worked upon.

The outcome of this meeting is further reported on this page in the column to the far left.

The Budget itself, is a complex document, one that requires much study and

#### Pony & Colt All Stars Announced

Sierra Madre citizens will be happy to know they are well represented as Monday, July 18, commenced the All Star Tournament play for the Pony and Colt leagues.

Pony League will have Tom Edwards, of the penant winning Twins, as their All Star manager and Ed Vocolka, Tigers manager, as coach. The All Star team members are Greg Bradley of the Twins, Randy Bradley, Reds; Mike Bullard, Pirates; Terry Carr, Twins; Larry Cunningham, Red; Tom Edwards, Twins; John Grijalva, Reds; Chris La Lone, Reds; Chris Mahuron, Reds; Keith McKay, Twins; Butch Osti, Red; Mike Perry, Twins; Don Ross, Pirates; Victor Vine, Twins and Joe Hardy, Reds.

The Pony League All Stars will play all of their area games at Pioneer Park, Valley Blvd. nad Hoyt Ave. in El Monte. This is a double elimination tournament, with the winner of area play advancing to the district tournament.

Joe Grippi, of the penant winning Cardinals, will head the Colt League All Star managing staff aided by: Ken Agee and Peter Cowell. The Colt All Star members are: Russ Stepinski, Tim Alonso, David Cowell, George Matakovich, Don Becker, Ron Carnahan and Bob Davis of the Cardinals; Tom Dorman.

### Volunteer Fire Department

## Last Outpost of Vanishing American Traditions of The West

SIERRA MADRE VOLUNTEER FIRE DEPARTMENT proves effective organization for City, says the headlines of 1929. Pictured is the fire equipment and corps of men which numbered 20 at the time. Chief W. D. Richards is standing in center of large truck; Police Chief McMillan at extreme right of picture; J. Swanson, captain of first aid crew, at steering wheel of first aid truck in middle group.

by Fire Chief Charles E. Brown

Back in the early 1900s, there was what was known as the Firemen's Club. This was not an organized fire department but a group of men with some very anti-

quated fire equipment, who had dedicated themselves to protecting the city from fire.

#### King Takes His Position On Budget

The publicity campaign staged by the Capital Improvements Committee has been directed at the goal of convincing Sierra Madre's citizens that we can continue to have the same quality and quantity of municipal service without any increased tax burden. They have stated, "They will not vote for any budget which will increase the local tax rate." (Sierra Madre Tribune, July 17, 1966).

How realistic is this attitude? Not very, in my opinion, and for the following reasons:

1. Sierra Madreans have indicated over the years, by various actions, (or lack of them) that they prefer a residential community without large manufacturing or

Please turn to Page 7

quated fire equipment, who had dedicated themselves to protecting the city from fire. The group was very effective until the city began to grow and a major fire brought forth the realization that an organized fire department with up-to-date equipment was necessary for the future of the city. So, in 1921 the Sierra Madre Volunteer Fire Department was organized with a complement of 20 men and the blessings of the city fathers. In organizing this department, these men, realizing the need for rules and regulations, drew up a constitution and by-laws which are still in effect today and are the backbone of this department.

The first piece of equipment to be purchased by the city was a 1921 American La France fire truck complete with hose, ladders, hand tools and all the necessary equipment for fire fighting. This truck was soon named "Old Snort" because of its loud roar, and

### Let Your Firemen Fight the Fire

#### Know Your Fire and Call Department Immediately

By Gordon Baker Lloyd

Editor's Note: This is the third in a series dealing with fire prevention.

We have been warning, up to this period, to be alert for fire hazard. Now, exactly what are you going to do, in a weed and brush infested area, if fire comes? First, regardless of the size of the fire, call our fire department. Don't think for a minute that you can control the fire, inside around the stove or outside near the garage.

These first few seconds are what count. Have the fire department number handy. Inform everyone at home how to call the fire department, young or old. Paste the number on the phone along with the number of the police department. You haven't time to look up the number in an emergency.

Keep a cool head—and that's hard to do in an emergency. But if you have the steps planned ahead as to what to do in an emergency, when it comes, it will all fit in. Family planning has a lot to do with this also.

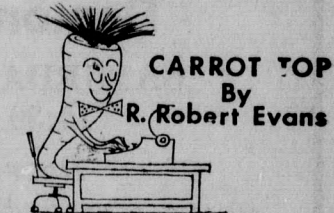

Talk it over and have a plan. Have a working plan in case only one member of the family is left at home during an emergency.

First, if it is a weed fire, do this: Call the fire department. You might mention what type of fire it is. Next, your hoses are ready in the area where fires might be expected (Part 1). Since in weed fires the flames are not too high, but they may creep rapidly to brushy areas or buildings, place water at base of flame. If two hoses can be manned, one can spray ahead of the fire and onto areas where fire might come. Quick action of this nature often can save a holocaust. In fire

#### 30 More Tickets Now Available

Director Dodge announced this week that 30 additional tickets are available for Sierra Madre Night at Dodger Stadium on July 27. The original lot of 100 tickets having been all sold as of July 14, and the department continuing to receive requests for tickets, the additional were made available. The tickets may be purchased at the Sierra Madre City Hall, 55 W. Sierra Madre Blvd. They sell for \$3.75, which includes reserved seat, transportation and parking. The buses will leave from Sierra Vista Park, 621 E. Sierra Madre Blvd., at 6:30 July 27. For further information call 355-7135.

CARROT TOP  
By  
R. Robert Evans

During July, August and September one of our greatest fears in Sierra Madre is "FIRE" and, odd as it may seem, starting in October our worries turn to "WATER," the companion of fire.

—CT—

What fire does to us during the summer months is the major source of what water will do to us come October and the winter months.

—CT—

We therefore are going to concentrate our issues for the next few weeks to acquaint you as thoroughly as possible on "Fire Prevention" as the first phase. Little things that you can do that will help to eliminate fire, and what to do in case it hits your area. The second phase of our summer program will be sort of "Introducing" you to our "Volunteer Fire Department," its functions and its personnel. This should be a very interesting series and you should not miss a single one of them.

—CT—

Of course, when you think of fire you think of smoke, and this reminds us of a story that was told to us some years ago, but did not happen on the streets of Sierra Madre, and here's the way it goes:

—CT—

A woman, frowning very heavily walked up to a little boy she had caught smoking in an alley. "Does your mother know you smoke?" she asked. Whereupon the young man said: "Lady, does your husband know that you stop and talk to strange men in the alleys?" Sure was quick thinking on the part of our youngster. Smoking certainly did not "numb" his brains. And further, when it comes to quick thinking...

—CT—

A local clergyman received a phone call from the Federal Income Tax Bureau about a \$600 contribution listed as having been paid his church by a certain member.

—CT—

"Did he make this donation?" the tax man asked. The clergyman hesitated only for a brief moment, then replied "He will, he will." Some of us could be caught here, I think, I think, I think...

—CT—

Kinda reminds us of the cannibal in Africa who screamed to his companions, "I've captured a politician," and their answer to him was, "Great, now we can have a bologna sandwich," and having gone over some of the promises of politicians, I find that it certainly does contain a certain percentage of "bologna."

—CT—

Of course, again we say, we do not like to take this column into politics, but sometimes I cannot help it, especially when the "worm is turning" and we feel you

#### Shooting Tuesday On Mt. Trail

At approximately 9:45 p.m. on Tuesday, Officers Christensen and May were patrolling in the north end of Sierra Madre when they observed a vehicle approach the patrol car and stopped. The woman driver, later identified as Mrs. R. E. Young of 397 N. Mountain Trail yelled to the officers that her husband, Raymond Eugene Young, had a gun in the house and was going to shoot someone.

Officer Christensen requested backup assistance and Patrolmen Baney and Hildum of the Sierra Madre Police Department responded. Mrs. Young then stated that her husband had chased her out of the house with a gun and then ran back into the house.

The officers surrounded the house. Patrolman Baney, Acting Watch Commander and Senior Officer present, commanded Mr. Young to put his weapon down and come out of the house.

This command was repeated several times with no response from Mr. Young. The officers were unable to see the suspect at this time. Additional assistance was

#### Circus Held By Children

Grand climax of this year's Summer Vacation Playground Program for the Sierra Madre and Sierra Mesa elementary schools, a program sponsored each year by the Pasadena Recreation Department, will be the presentation of a gala child-produced circus, Wednesday evening, July 27 from 6 to 8 p.m. at Sierra Madre school. Parents, friends, younger and older brothers and sisters are all invited to come see, enjoy and applaud this production for which all props and costumes have been made by the children themselves.

The grand midway, with booths and games for every-

## Seiler-Maynard Wedding Vows Recited On 47th Anniversary of Grandparents

**MRS. HUGH BARDEEN MAYNARD**  
... see Sharon Dee Seiler

Miss Sharon Dee Seiler, daughter of Commander and Mrs. Dayton A. Seiler of 930 Crestview Dr., Pasadena, was married June 18 to Hugh Bardeen Maynard, son of Mr. and Mrs. Robert Maynard of Tulsa, Oklahoma, formerly of Littleton, Colorado and Bakersfield. The Rev. Truman C. Skaggs officiated at the ceremony which took place at the First Southern Baptist Church in Pasadena. The reception followed on the church patio for the 200 guests.

Miss Sandy Seiler, twin sister of the bride was maid of honor and bridesmaids were Miss Gale Tampico of Pasadena, Miss Judy Swain of Pasadena, and Miss Patty St. Clair of Arcadia. Garry Pinney of Bakersfield was best man and ushers were Mike Baskes, Don Blumenthal, and Ted Jenkins, all graduate students at Cal Tech. Dodie Seiler, youngest sister of the bride was flower girl.

The bride's gown, which she designed and made herself, had a bodice of imported Swiss Venetian lace with hand-sewn seed pearls, an empire waist, and a skirt of silk organza over taffeta. She wore a chapel train and an elbow-length veil of silk illusion. The bridal bouquet was of white butterfly orchids and stephanotis. Her attendants' dresses, modeled after the design of the bride's dress, were hot pink

silk organza with an empire waist and a lace bodice. Their hats, which were made by the bride's maternal grandmother, were of hot pink silk illusion with a rose headpiece of silk organza. Each girl carried bouquets of matching hot pink long stemmed roses and baby's breath. The flower girl wore a light pink empire waist organza gown with a lace bodice.

The wedding date was also the 47th wedding anniversary of the bride's maternal grandparents, Dr. and Mrs. Isom A. Rankin of Iowa City, Iowa, who came out for the wedding.

The bride is a graduate of Pasadena City College, where she was made a life time member of the Alpha Gamma Sigma, scholarship society and was a member of the Alhometta sorority. She will attend the University of Colorado in the fall where she will major in physical therapy.

The bridegroom is a graduate of the California Institute of Technology. He will also be attending the University of Colorado in the fall and will be working for his PhD in applied mathematics.

The young couple will be living in Tulsa, Oklahoma this summer, where the bridegroom has a job with Sunray DX Oil Company. In September they will be in Boulder, Colorado.

## Wax Museum's New Attraction

The millions of visitors to Movieland Wax Museum in Buena Park still regard the immortal Laurel and Hardy as among their all-time comedy favorites, according to Allen Parkinson, founder-director of this world's largest wax museum.

Recently opened and included in the single admission is the new million-dollar Palace of Living Art, which brings great masterpieces "to life" by displaying perfect replicas against dramatic and elaborate three-dimensional scenes.

The 100 stars in their greatest scenes and the world of art can be seen from 10 until 10 daily and until midnight on Friday and Saturday. Movieland and the Palace are located on Highway 39, north of Knott's Berry Farm.

## Golf Club Holds Ones Tournament

The Eaton Canyon Women's Golf Club's 18 hole play day was a "ones" tournament, July 12. Scores from those holes beginning o, n, e, and s were used and then half of each member's handicap was deducted from the gross score on those holes.

After the computers and adding machines were put away the leaders in the flights were "A" Peggy Simpson; "B" Mary Angel; "C" Doris Pooler; and "D" Peggy Ball.

## 'PEPTONE'

Every now and then Alice and I come across a group that's just a little more unique than the others. If you've ever met and talked with the members of "The Group," you'll know what I mean.

To begin with, their name is unusual and has something in it that a lot of groups lack. You can't really explain what it is — it's just there. Another thing about "The Group" is their preference in musical style. They go for Chuck Berry's sound, and base much of their performing on it.

Among their other favorite groups are the Animals, the Stones, and the Beatles. "The Group" is five in number and they all hail from Arcadia. Ted Scalise, drummer, is 18. Pete Rozema and Don Ensslin are both 17 and are lead singer and lead guitarist respectively. Rhythm guitarist Ronnie Wiles and bass guitarist Larry Geer are both 18. The boys have been together four months and have quite a good thing going for themselves at present.

Beside their performing abilities, they also have a talent for writing songs. Among the tunes they have turned are: "Loaded," written by Don, and "Get In Gear," which is the product of Larry and Don's combined efforts. Another distinguishing characteristic of The Group is versatility. Don not only provides his lead guitar artistry for the group, but can play a banjo, violin, and harmonica as well. He, incidentally, was previously a member of a blue grass group before he joined ranks with the other four guys to form The Group.

You can see that it takes more than just talent to really make a good group. You need something besides the ability to strum a guitar or to whip out a beat on the drums. There has to be something distinctive and outstanding — and these guys have it.

Like I said, they're unique.

Your merchant neighbors on Baldwin have vacation plans of varying types. Now take Ben Miller of S. M. Paint and Wallpaper: he and his wife mean to really relax, like avoid the crowds and try out home leisure. Of course Mr. Miller has in mind "fixing" some things, both at home and at the store, which will be closed awhile, but talks as though he were looking forward to it as fun work. Bill Palmer will take time to go up the coast to visit friends.

## WCTU Meets Friday, July 22 In Pasadena 'United Progress' Theme

"United Progress" is the general theme for the annual meeting of the Pasadena Woman's Christian Temperance Union Federation when it meets at the YWCA in Bennett Lounge, 78 N. Marengo Ave., Pasadena, at 10:30 a.m. on Friday, July 22, with the Federation president, Mrs. Ruth Gates Miller of South Pasadena, in the chair.

On the morning agenda is the annual report of each local president in the Pasadena Federation as follows: Alhambra, Mrs. Mary Hope Bradshaw; Central of Pasadena, Mrs. Frances McCaslin Creswick; Harter of Sierra Madre, Mrs. Nell L. Vieira; Harvey, Mrs. Evelyn Coon; Monrovia, Miss Winona B. Wheeler; South Pasadena, Mrs. Ruth Gates Miller; Slickney, Mrs. Mary K. Smith; and Washington Heights, Mrs. Alice O. Whitney.

"Work — Accomplished Through Departments" is the theme for the directors as each reports: "Christian Outreach," by Mrs. Cora A. Sydnor of Pasadena; "Citizenship," by Mrs. Esther Slocum of Alhambra; "Education," by Mrs. Ruby R. Newell of South Pasadena; "Home Protection," by Mrs. Esther Greenfield of Pasadena; "Legislation," by Mrs. Hallie N. Nicholson, of Pasadena; "Projection Methods," by Mrs. Mary K. Smith, of Pasadena; "Public Relations," by Mrs. Frances McCaslin Creswick of South Pasadena; and "Social Service," by Mrs. Ruth P. Breece of Pasadena.

The morning session concludes with the Memorial Service conducted by the vice president, Mrs. Orpha M. Gallatin of South Pasadena. Each vice president is asked to report to Mrs. Gallatin all deceased active and honorary members during 1965-1966.

Adjournment for the noon-day luncheon will be at 11:30 o'clock when the ladies will go to the dining room for their food and return to Bennett Lounge where all will eat together.

Following the election of Federation Officers to serve for 1966-67, installation will take place with the State WCTU president, Mrs. Zola M. Meek of Bell Gardens, as installing officer. All president, vice president, promotion secretaries, recording secretaries, and treasurers of the local unions will be installed en masse by an officer of Los Angeles County WCTU.

Children who attended

the Loyal Temperance Legion Camp at Idyllwild, June through 24, will be honored guests at noon and will speak briefly of "Camp Experience" during the afternoon. Expected to be present are Robert Roethler, Ricky White, and Robert White of Monrovia; Richard Kingsbury, Alice, Clarence, Joyce, and Linda Roberts, and Dianne and Rennetta Williams all of Pasadena; and Stephen Dyer of South Pasadena and Ralph Van Selow of Alhambra.

Mrs. Ruth P. Breece, social service chairman, will exhibit the Viet Nam Kits that each local union has been asked to supply. There will be three kinds: children, hygienic, and sewing. Contributions for filling these kits are also acceptable.

This meeting is open to the general public. Each member is invited to bring a friend with her as, says Mrs. Creswick, "we are reaching forth unto those things."

**"Let's Talk Dry Cleaning"**

by Joseph Delgatto, Sr.

VACATION DAYS are here or just ahead for many of us . . . and a lot of planning has already gone into preparations for the trip. There was the old debate about where to go, to mountains or seaside, East or West . . . to visit relatives and friends or just to see the USA. Then the car had to be given a checkup, road maps were spread out and studied and a route mapped out . . . oftentimes reservations made ahead. Now you're just about ready to go.

But what about your clothes for the trip? Good vacation planning means giving a lot of thought to what you'll wear, while you travel and when you get there. Plan for daytime fun and evenings out, for whatever might come. Once you decide on your vacation wardrobe, check to make sure it's ready to travel . . . clean and freshly pressed.

Did you ever figure what's the point of packing a freshly pressed blouse or dress or suit when it's only going to get wrinkled in the suitcase? Well, a freshly done garment will resist wrinkling a lot better than one which is already wrinkled and lifeless, and it will shake out any acquired wrinkles more readily.

So, sort out your vacation wear now and send it to us, so you'll be ready for the road. You can always rely on prompt dependable service by the most modern methods when you send all your dry cleaning to us.

You now can get clean-only service 8 pounds for \$2.00.

Quite a lot of medical care will surround the new baby girl born in a family of doctors on July 2 at Huntington Memorial. Little Sarah Marie, who weighed in at a sturdy 8 lb. 7 oz. is the first child for Dr. and Mrs. Ben D. Massey, Jr., of 124 Vista Circle Drive. Both grandfathers are doctors; Dr. and Mrs. Ben D. Massey, Sr. live near at one side in Arcadia, and Dr. and Mrs. D. Lloyd Nelson at the other side in Altadena. Dr. Massey, Jr. was educated at Polytech and MAD, took his medical training at USC, and then was awarded a five year fellowship in urology at the Mayo Clinic, as was his father before him.

**Two Hundred Guests Witness Wedding Of Brooks-Alvey Saturday, June 18**

**MR. and MRS. DENNIS JAMES ALVEY**  
... nee Diane Teresa Brooks

Diane Teresa Brooks, daughter of Mr. and Mrs. Norman E. Brooks of 270 N. Grove St., in Sierra Madre, was married to Dennis James Alvey, son of Mr. and Mrs. Syrious R. Alvey, 451 W. Grand View in Sierra Madre, Saturday, June 18 at 11 a.m. in St. Rita's Catholic Church, Father O'Malley officiating.

Two hundred guests witnessed the ceremony as the bride came down the aisle on her father's arm. She was in a lovely floor-length bridal gown, designed with a close-fitting bodice, three-quarter length sleeves in lace and net. The entire gown was made over satin. Her headpiece was a fingertip silk illusion veil with a forward arrangement of silk petals and net centered with tiny pearls. She wore white gloves and carried a semi-crescent shaped bouquet of lily of the valley, stephanotis and carnation tufts with two removable orchids, later worn on her going-away ensemble.

Following the tradition of "something borrowed, something blue," the bride wore a dainty lavalier of tiny pearls and aqua marines that belong to her mother.

The bride was attended by her maid of honor, Miss Doris Jean Alvey, the bridegroom's twin sister. She was attired in a full length empire line gown of pastel pink, with scooped neckline and accenting bouffant lace sleeves and carried a pink carnation tuft and baby pink rose bouquet.

The two ushers serving the couple's guests were James L. Brooks, the bride's brother, and Daniel G. Osti, her uncle. Also serving the couple was Ronald Anthony Osti, altar boy.

Following the ceremony a buffet luncheon reception was held at 2783 New York Drive in Pasadena. The menu included sliced ham and turkey, salads, rolls and coffee. A delicious fruit punch, nuts, mints, and wedding cake were served the guests by Mrs. Doris Nighswonger, a close family friend. Other reception assistants included Mrs. Russell C. Hand, Mrs. Janice Brooks, Miss Susan Osti, and Miss Cheryl Osti, pianist for the reception.

The new Mrs. Alvey is a native of Sierra Madre and was educated here, having graduated from Pasadena City College in 1963. Her husband, originally from Indianapolis, Indiana, has also been educated here. He will be finishing his fourth year of college at the California State College at Los Angeles this fall, earning a B.A. in art. After a week-long honeymoon, traveling through northern California, the couple will reside in Pasadena at 2042 E. Washington Blvd.

It's hard to believe that the United States is so poverty-stricken that we are actually declaring it a "war." California is in one of its highest employment peaks and jobs are waiting just begging to be filled both in the skilled and unskilled categories for employees who want to work. True, the employers expect to get a little something for their money like regular attendance and half-way alert responsible people who intend to remain more than the necessary time to draw Unemployment Insurance. It is getting so nowadays you can make just as much money staying home drawing your government dole as to get dressed and go to your job.

Companies widely advertise for employees, promising profit sharing, sick leave, and company benefits, parties, trips to Disneyland, and medical insurance, along with ideal working conditions and top pay, and still there are gaping holes in the ranks.

A man or woman without skills has every opportunity to learn through our educational system with no cost except time and effort and motivation, and still there are many, many able-bodied intelligent people capable of earning good livings who seriously avoid any pursuits that would put them in a position of being self-supporting. Your tax dollars will take care of their welfare and if they were self-supporting they would have to contribute taxes and dollars to those who are not working.

"The weak shall inherit the earth"—and sooner than we think, because we are knocking ourselves out to create the weak. The new theme song for the great unfortunate masses is "The Best Things in Life Are Free!"

But on to less serious and more cheerful bits of news, and in that line, I'm all for the Indian Chief who is selling tapes at \$15 a crack describing his four years of hopping from planet to planet. He's got a real thing going in good old American enterprise . . . I'm almost tempted to buy a tape to find out what he had for lunch. (There's a sucker

born every minute and I qualify 100%).

Talked to Mrs. Al Dunn the other day to catch up on news in her household. She had just said good-bye to her sister and family, Mr. and Mrs. Paul Mercey and Deborah, Amy, Matt and Forbes. They came down from Yakima, Wash., to spend a couple of weeks with the Dunns and to see some of the Southland's famous points of interest. They had quite a time shuttling home via several airlines with the strike going full tilt, but it will make good conversation for weeks on the trials and tribulations of travel.

Mr. and Mrs. Victor Bowman and their three boys, Kark, Kirk and Scott, have just returned from a ten-day jaunt into the Grand Teton and then on up to Jackson Hole and Bozeman in Montana. They spent three of their ten nights tent camping and even ran into some of their friends in camp. Mary Anna said the beauty of the country is magnificent and a trip that all children should see to show them the beauty of our country away from the cities.

The Phil Shepherds and the Warren Bacons have been having fun this summer co-hosting parties between their adjoining properties. Last week they hosted another that started out with cocktails and dinner at the Shepherds' and desert and dancing at the Bacons'. Their guests were Gordon and Fran Wright, Bill and Pat Olson, Bob and Carmen Farmer, Don and Ethel Hays, Charlie and Phyllis Hardison, Tony and Lois Boland, Bob and Nancy Mueller, Jim and Jane Smith, Gene and Nancy Rode, Forrest and Jean Paxson, Dom and Pat Giangregorio, David and Delores Zinsmeyer, John and Alene Hedrick and Henry and Diz Smither.

Edgell Lane has been a riot of confusion this summer with new construction and new swimming pools being installed. The Gard Wilsons, the Henry Ashers and the Lee R. Wallaces all have built pools.

**SM Youth Tennis Begins July 23**

The Department of Parks and Recreation for the City of Sierra Madre announces the tennis schedule for its Youth Tennis, which is the following:

Saturday, July 23, South Pasadena at Sierra Madre.  
Saturday, July 30, Sierra Madre at Monterey Park.  
Saturday, Aug. 6, Elye.  
Saturday, Aug. 13, San Gabriel at Sierra Madre.  
Saturday, Aug. 20, Play-off.

The tournaments start at 9 and last till 12. Each of the above Saturdays all Sierra Madre youth, interested in tennis are urged to sign up with Instructor Bill Bodor at the Memorial Park tennis courts between 9 and 10.30 daily. Spectators are welcome. For further information call 355-7135.

**Swim Party By Alumnae Ass'n**

A swim party followed by a salad bar luncheon will be held by the Pasadena Alumnae Association of Kappa Delta at the home of Mrs. Clifford G. Siemens, 136 Elkins Place, Arcadia, on Thursday, July 28, at 11 a.m.

Invitations have been sent to collegiate members home for the summer and alumnae members living in this area. Any Kappa Delta interested in attending may phone Mrs. Arnold Gehlken, president, AT 6-6901, for reservations. Informal dress and dining on the patio will provide a relaxed setting in which newcomers should have an excellent opportunity to become acquainted.

Mrs. E. H. Collender, San Marino, is in charge of the event. Assisting her will be Mrs. David W. Small and Mrs. Daniel E. Chute, Arcadia; Mrs. William Bassett, San Marino, and Mrs. Rol and J. Carpenter, Altadena.

Alhambra Parks and Recreation offers weight-lifting club for men, with individual programs set up, on Tuesday and Thursday evenings, call AT 9-3871.

## American Legion Auxiliary To Picnic Thursday, July 28 At Hamilton Park

Unit No. 297, American Legion Auxiliary members and their husbands will enjoy their annual picnic at Hamilton Park Thursday evening, July 28, at 6:30.

The evening session was a busy one when the Unit met at the home of its newly elected president, Thelma Proctor. On the agenda was Mrs. Proctor's resume of the State Convention which she attended at Bakersfield in June. She served on the finance committee and said everything went smoothly without any squabbles. Dorothy Brockmann of the 18th District, who installed the Unit officers here in June, was elected a delegate to the National Convention to be held in Washington, D.C.

Community Service Chairman Edna Faller reported 220 hours of service and also a past presidents picnic on Friday, July 29, at the Palomares Adobe, 491 W. Arrow Highway.

Hospital Chairman Amy Beisel reported two robes ready for the veterans of San Fernando Hospital. She had just returned from a visit at Leisure World as the guest of Ora Olsen and reported member Frances Brain was recuperating from eye surgery.

A letter from Bertha Irvine of Santa Barbara sent greetings to the Unit, saying she kept up with the activities through the Sierra Madre News.

Secretary Ocella Henderson is leaving with son, Gordon, and family for a vacation on the Sacramento River, followed by several months with her daughter, Twilla, in Santa Fe, N.M.

Mrs. Bertha Billings is enjoying a visit with her relatives in South Dakota.

Monday night the 18th

Seems like Sierra Madre artists are exceptionally practical as well as creative. Take the David Elders, 134 W. Sierra Madre Blvd.; he is teaching summer school at PCC, entered a piece of sculpture in the All California show at Laguna. Constance Elder is doing designs for rings—in wax—for George Parr at the Jewelers' Workshop. Small son, Eric, is having the cool of swim lessons at Sierra Vista.

District held its installation at the West Cowana Clubhouse. President Thelma Proctor will serve on the policy committee.

The Girl Stater representing the Unit will give her report at the meeting to be held on Sept. 8 at the home of Mrs. Bernice McClosky in Monrovia.

The Unit's sympathy is extended to member Bernadine Bent, who sister, Claire, passed away this week after a prolonged illness.

## You and Your Neighbors

Young Paul Fallis is also taking swim lessons, while his mother contemplates future paintings which will doubtless have a jolt of inspiration from the family's planned vacation in the Rockies, near Durango, where the parents of Richard and have a cabin. Trout fishing is part of their agenda.

As Marlene Johnson says, a family ticket to the Sierra Vista pool is a summer vacation in itself — so Dick Dodge and the Parks and Recreation people should know they are really appreciated. Marlene and Melvin Johnson, of 686 Brookside have a trip to enjoy the pool in addition to themselves; their children, Shelly, Paris and Brian, Marian graduated in June from Cal State LA with a degree in Home Ec — after ten long years of effort, for the encouragement of those now coping with the double bill of family and college credits, and she has the fortitude to be going on to get her teaching credentials. At any time, bravo! On a day like this one, three cheers and Siamese low obelance!

A patient overnight at Sierra Madre Community Hospital last week was Mark Groth, son of Mr. and Mrs. David Groth, 89 Olive St., Sierra Madre.

A resident of Sierra Madre at 47 N. Lima St. who was hospitalized the past week at the Sierra Madre Community Hospital is Mrs. Alma Spargur.

YOUR CHURCH IS WAITING FOR YOU

## Shooting

requested from the Arcadia Police Department. Officers Burton, Schafer, Johnson, and Sgt. Virgil Mayne responded and reinforced the security around the suspect's house.

At this time Patrolman Baney phoned the suspect from a neighboring home and established telephonic contact with suspect Young.

Officer Baney maintained telephone contact with Mr. Young for approximately half an hour, repeatedly asking him to surrender. At this time, Mr. Young broke off communications with Officer Baney and began breaking windows in the house and at the same time yelling incoherently.

It was decided at this time to attempt to force Mr. Young from the house with tear gas.

Seconds before the tear gas was fired, the suspect ran to the back door and exchanged shots with Officer Roger Schafer of the Arcadia Police Department, who was stationed in the back yard.

The tear gas was fired and officers entered with gas masks and found the suspect unconscious on the kitchen floor. The suspect was carried from the building by Officers Paul Burton of the Arcadia Police Department.

It was later found that the suspect had not been hit by gunfire but apparently fell in the exchange of shots, knocking himself unconscious.

No one was hit in the exchange of gunfire, but Sgt. Robert A. Heasley of the Sierra Madre Police Department received cuts on the arm and face when he fell over a screen knocked from the window by the suspect. The suspect was transported to St. Luke Hospital by ambulance and was later transferred to the Los Angeles County Hospital Prison Ward.

The suspect is being held for investigation of attempted murder.

Five rifles and a .38 caliber revolver were allegedly taken from the residence by investigating officers. The revolver was the weapon believed used by the suspect and it was found that one round had been fired from the gun which was found on the floor next to the suspect.

## Senior Citizens Reminiscence

Senior Citizen members were stunned when they met on Saturday, and were advised of the sudden passing of their member, Miss Jessie Dunning.

The afternoon's program consisted of personal reminiscences of members who had once resided in Chicago near the vicinity of the late tragedy-murder of the hospital nurses.

Guest of the day was Mrs. Maggie Walker, grandmother of Sierra Madre Madra triplets, Paulette, Annette and Susette Years.

## Donald Dalby Services Held

Funeral services for Donald Arthur Dalby, 72, of 174 Montecito Ave., Sierra Madre, were conducted Wednesday, July 20, at 3:45 p.m. by Rose Hills Mortuary in Hillside Church, with the Rev. Dr. Ethel Barnhart officiating. Interment followed in Rose Hills Memorial Park.

Mr. Dalby, a resident of California for 50 years, was born in Michigan, and died Saturday, July 16 in Kaiser Foundation Hospital in Los Angeles.

He is survived by his daughter, Floe Orsat of Balboa Island; two brothers: Harold Dalby of Indiana; George Dalby of Corona Del Mar, and two grandchildren.

Richard Anthony is the new son of Mr. and Mrs. George Tirapelle who was delivered at Sierra Madre Community Hospital. Her weight at birth was 6 pounds, 15 ounces. The Tirapelles, who live at 225 California St., Arcadia, have two other children, Treva Elizabeth and George Robert Jr.

## Council Settles Down To Budget

taxpayers full dollar value for those services. Her statements, as far as this newspaper is concerned, were well founded and in many instances justified.

Councilman Wagner was then given the floor and presented his thinking on what he considered "firm thinking" on the preparation of the budget.

Councilman King, then was given the opportunity to "air" his grievances relative to the "proposed water increases" and the method of use.

Councilman Sorensen, with gusto, then delivered a stirring ovation concerning his position and the receiving of a telegram, contents of his remarks and the telegram will be found on this page.

All in all, it was indeed surprising how quick the "air was cleared." It seemed to this writer that now "we have our grievances off our chests, we are ready to tackle the work ahead with sincerity and harmony."

After a few minutes recess, the council returned to its seats and proceeded to carefully go over the budget department by department with level headed thinking and constructive additions and eliminations.

The Council worked diligently until the hour of 12:30 a.m. at which time it was found that completion of the budget could not be obtained and adjournment was necessary for Monday, July 25, at the hour of 7:30.

At this point it cannot honestly be determined just what the tax rate may be.

The first work of the Council, of course, is to bring the General Fund into balance, and to do this it is necessary to eliminate some \$64,000 of requests from the preliminary budget presentation and up to the adjournment hour much progress had been made in this area. There is very little doubt but that the General Fund will be brought into balance, whether it can be reduced to its limitations of \$1 will lie in the desire of

## To Budget

Capital items to be purchased out-right, deleted, or on a lease-purchase basis, this to be determined at a later date. The use of in-Lieu tax moneys left over could be injected into the General Fund to bring down its total.

In any event the major reduction must, if the tax levy line is to be held, come from the Parks and Recreation and the Library Fund, which have individual levies.

The self-deleted and new budget from the Library was presented and, if adopted without further cuts would set the levy for that fund at approximately 25.3 cents per \$100 valuation.

Very little can be determined in the Parks and Recreation, due to further study of Capital items, but at this point it has been determined that the fund now stands in the vicinity of 24.2 cents per \$100 valuation.

Estimating the retirement fund and bonds, this leaves the budget in the position at this time of about \$1.63 per \$100 valuation. Approximately 13 cents off of the 5 cent reduction asked for by the Capital Improvements Committee and 8 cents away from the past year.

Also to be injected into the budget is the 3 per cent salary increase asked for by the personnel committee.

The council, as a whole, is now in complete harmony and Monday evening and the regular meeting of next Tuesday should see the entire situation fairly well clarified.

## David Childers

listed rank equivalent to the rank of corporal.

Specialist Childers, 21, a clerk-typist in Battery B, 4th Battalion of the division's 3rd Artillery, entered the Army in December, 1965, completed basic training at Fort Hood, Tex., and was last assigned at Fort Ord, Calif.

Childers was graduated from Pasadena High School in 1963 and attended Pasadena City College.

## Ex-Councilman Ralph Rule Talks About

and by indirection to the City.

I can quote statistics by the book to prove that libraries are used only when they meet certain requirements such as number of books, kind and quality of books, proper personnel clean, comfortable surroundings, etc. That we meet these requirements is attested to by the fact that Sierra Madreans use their library — from the very young to the dynamic senior citizens.

I am not alone in my belief that we receive a greater return on our investment in the library than from any other facility in the City, speaking theoretically, of course. It is no secret that students from Sierra Madre rank with the highest of all the students in the Pasadena school system and would one like to debate that our library doesn't help our children to attain the grades that rank them so highly?

I thought it was neighborly of Mr. Wagner to offer to let us vote on whether or not we wanted higher taxes for library purposes. He is on pretty safe ground as I doubt that the City Council will vote the \$1500 to \$2000 for a special election to decide a \$10,000 issue. Not very economical or so it seems to me. And, of course, if we want to wait until the general election in November, the best part of the year will be gone before we know it.

Mr. Wagner says he has received many calls and letters regarding this matter and I am sure he has, as the same group that support his figure juggling will support him in this instance. However, it is odd that the other Councilmen did not receive these same calls and letters and I have always been the advocate of having all letters pertaining to City business be addressed to and received by the people at City Hall so

that all Councilmen will be informed and not as in this instance just two.

It has been said that Sierra Madre is the only City of 12,000 population to have its own library. (Mr. Wagner's statement, not mine). If this is true, HOORAY for our town.

I am proud of our community which is unique to the point of being quaint, but we have many other fine features such as a really fine volunteer Fire Department, a swimming pool that pays its own way, a Rose Parade entry, along with some truly dedicated people in all of our City departments.

For all of this I am willing to pay a little more and I am sure that there are many more who agree with me.

## Sister Attends Math School

Some 115 high school teachers of mathematics are attending the Boston College Mathematics Institute at the Jesuit university at Chestnut Hill, Mass.

The eight-week session is designed to assist the high school teachers in the presentation of modern mathematics to their high school students, and to update their knowledge of modern math.

The students are from 26 states and eight foreign countries. Among those attending is Sister M. Joanne, O.S.C., of Alverno Heights Academy, 200 Michillinda Ave., in Sierra Madre.

## Notice

Mothers, please note: The Toy Loan Cottage will remain closed for two weeks instead of just one, in order to complete painting and cleaning for the new season. It will reopen again on Tuesday, Aug. 2.

### Children's Circus

one, will be open from 6 to 7 p.m., after which the big top performances will begin, with all kinds of performing acts, and, of course, the funny clowns. The children have worked very hard on this production and the directors and their assistants share their pride in their achievements. And every single thing is free, free, free!

I hold to the premise that NOT any one presentation has been totally right hence there is opportunity for agreement by compromise to arrive at what can result in an acceptable budget for the total good of the city.

Editor's Note: Mayor Frank Parks also received a telegram of like nature, the contents of which were no doubt answered Tuesday evening, July 19; if so it will be found elsewhere on this page.

## SPORTS AS Hank Ives SEES IT

### PROBLEM AREA FOR COACHES...

LET'S EXAMINE what is probably the number one problem that faces a coach of a Little League (or Pony, Colt or Babe Ruth, for that matter) team: SHALL WE PLAY THE GAME TO WIN—or—SHALL WE GIVE ALL MEMBERS OF THE TEAM A CHANCE TO PLAY?

A coach must ask himself this question early in the season. If he puts it to a vote of the team, the answer is always, "play to win." No self-respecting young baseball player would want it any other way. But what of the boys who show up week after week for practice, but seldom get a chance under game conditions? Is it fair to them? Are they really learning the game? Should all of the emphasis be placed on winning, or is participation by all members of the team more important?

These are the questions that confront a team manager these days. Usually he is put in a spot where he can't really win. If he goes with the good boys and perhaps wins the league title, you know half a dozen lads were gathering splinters.

I asked a successful Little League coach one time why he insisted on leaving his "hotshot" players in a game that they won 20-2. His answer was this: "I don't think it is fair to the good players to ask them to sit on the bench half of the time."

Another coach whose team usually finished well down in the standings said: "I make it a plan to play every boy that shows up. This game is designed to give the boys a good healthy activity, and I

mean all the boys."

WHICH MANAGER IS RIGHT? Obviously, it is an individual decision. Managers in the leagues that play into the summer have the added problem of vacations, trips to the beaches, etc. Therefore, if they haven't given their benchwarmers much practical experience, they can't expect much from them when they are thrown into competition because the big guns are sunning themselves at the beach.

PARENTS MOST NATURALLY are mostly interested in their own boy. When he is not playing, they find it difficult to console the youngster and to convince him he should continue to show up at every practice session and every game.

ON THE OTHER HAND, if their boy is one of the stars of the team, they feel it is an injustice to bench him for a lad who obviously doesn't have equal talent.

SEE THE PROBLEM? This reporter does not envy the managers who must make the decision, play to win or play 'em all.

AT ANY RATE, the youth baseball program of today is a wonderful thing and our hat is off to the many men and women who are dedicated to making the project a success.

ODDS AND ENDS... KAM NELSON, the pretty Mark Keppel High School lass who served as Miss Rose Bowl Rodeo back in May, has been selected as queen of the San Gabriel Valley High School All-Star grid class on Aug. 11. Kam is an athlete in her own right, having recently broken five Monterey Park girls spring records in the city meet.

### Ad Hoc Water

was held. After all discussion was completed, Councilman Sorensen made the motion and seconded by Councilman Wagner, that the report be accepted and referred to City Attorney Martin for examination of the legal aspects, and recommendation as to the implementing of the procedure to carry out the findings of the Ad Hoc Water Committee, with a legal report as soon as possible. The motion carried unanimously, with priority given to procedures.

TICKETS for the prep game can be purchased at any Mutual Ticket agency or by sending your check to Post Office Box 776 in Glendora. Adult duets are priced at just \$2 and one buck for kids.

Little League All Star team will see action at Heasley Field Saturday, at 4:30.

### New Trustees For Anoaikia

Anoaikia, a non-profit school for girls in Arcadia, is announcing its new Board of Trustees under the new Anoaikia School Foundation. Board members are Miss Margaret Hill, Mrs. Winifred Johnson, Messrs. Reno Sirrine, George Rowan, Ross Cortese, Ira Fulmore, Jack Baker and R. P. Ketelsen. Additional board members will be announced in the near future.

Mr. Reno Sirrine, president of the board, stated that a new lease had been signed on the present property at 701 W. Foothill Blvd., Arcadia. The Anoaikia School, grades seven through twelve, is under the non-profit Anoaikia Foundation. The Anoaikia Lower School, grades one through six, is being retained by its owner, Mr. Lowry McCaslin.

Mr. Sirrine also announced that Anoaikia will be offering additional academic courses and sports this fall, as well as more activities that will be announced during the summer. Anoaikia's accreditation by the Western Association of Schools and Colleges was renewed in June, 1965. Extensive plans are being made for further landscaping of the beautiful park-like 20-acre campus that contains many unusual plants, trees and shrubs.

Defensive driving will always pay

Look for your neighbor in church this Sunday.

### Dissension

compatible thinking on the part of all members of the City Council, with a considerable amount of "compromise" before all parties, including the taxpayers above all, will be given a fair "shake."

A reduction in the budget at this time is merely a "whim, an election promise" the 5 cents proposed will not off-set the cut-backs in the Police Department, the Library, the Parks and Recreation and the services that the Taxpayers of our City demand.

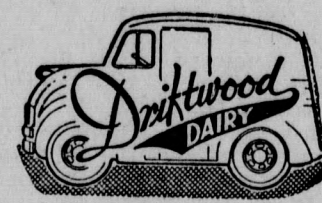

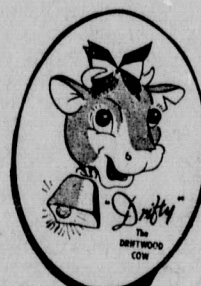

The differences between the minority and majority, after automatic "pare downs" seems to fall in the area of a 5 cents reduction to a 10 cents increase or in dollars and cents between the high and low of approximately \$34,800, and by constructive compromise by the council could be reduced still further and still

not greatly impair the services of the city, to any great extent.

Reductions, regardless, must come in the General Fund, which by law, cannot exceed \$1. The other two important taxing funds are the Parks and Recreation and the Library which last year were 21 cents and 22 cents respectively, the fourth fund is the retirement which last year was 10 cents with bonds making up the difference to a tax levy of \$1552. Therefore, it can be plainly seen that any reduction would deplete the services of the Parks and Recreation and the Library.

The dissension must come to a "roaring halt" less all of the timbers of our City's foundation be torn to kindling. Let us pray that some meeting of the minds has taken place on Tuesday, July 19.

## King Takes His Position On Budget

business districts. This, of course, means that our tax revenue must largely come from property taxes. We obtain only about \$60,000 per year from sales taxes. If costs go up, so must property taxes or we must cut expenses and settle for less in services.

### 2. The Capital Improve-

## Rev. Thompson Guest Preacher

"Guest Preacher" for the 10 a.m. worship service Sunday at Congregational Church of Sierra Madre will be Minister Emeritus Rev. W. J. Thompson, D.D., Ph.D., Litt.D. Returning to the pulpit where he served as pastor in 1920, Dr. Thompson has chosen as his sermon topic, "The Wonderful Ways of God." Dr. Thompson has pastored in England, where he was born, Canada, New York, Hawaii, Washington, Kansas and California. Recently, his name has been placed in the Dictionary of International Biography, a record of contemporary achievement of noted writers, preachers and educators. Dr. Robert Fry, member of the board of deacons will assist Dr. Thompson in the service of prayer.

Under the leadership of Rev. Karl Bellstein, the Chancel Choir will sing as their anthem, "I Walked Today Where Jesus Walked," by O'Hara. Their professional hymn will be "O Worship the King." "For the Beauty of the Earth" will be the hymn of affirmation, and the closing hymn will be "Now Thank We All Our God."

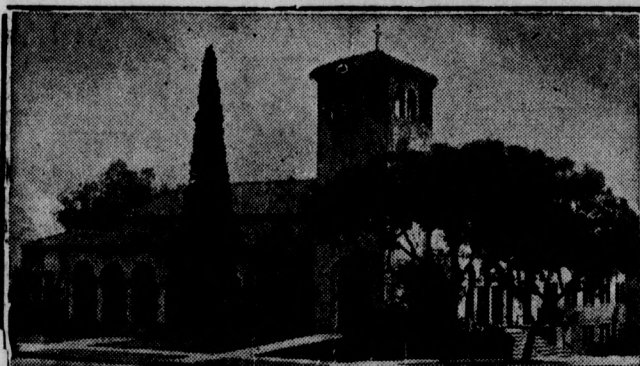

This will be the final week of the Summer Special Session of Church School. All age groups will assemble at 9 a.m. for classes, with Dr. Samuel W. Keck leading the adult discussion of the "Life and Teachings of Jesus Christ."

## Bethany Church News

The Rev. Subodh, a.s. sistant pastor of Carey Baptist Hindustani Church, Calcutta, India, will speak at Bethany Church of Sierra Madre, 93 N. Baldwin, on Sunday, July 24, at 7 p.m.

## Truth Is Subject Of Lesson-Sermon

"Truth" is the subject of the Bible Lesson-Sermon to be considered at all Christian Science services this Sunday. One of the central themes will be Jesus' parable of the sower whose seed fell by the wayside, on stony ground, and among choking thorns — "but other fell into good ground, and brought forth fruit, some a hundredfold, some sixtyfold, some thirtyfold" (Matthew 13).

Related passages to be read from the denominational textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, will include these lines: "The spiritual sense of truth must be gained before 'Truth' can be understood. This sense is assimilated only as we are honest, unselfish, loving, and meek. In the soil of an 'honest and good heart' the seed must be sown; else it beareth not much fruit, for the swinish element in human nature uproots it."

## Rev. D. Schneider Guest Speaker

Rev. Delwin Schneider will conduct the 10 o'clock Sunday morning service at Faith Lutheran Church, 845 Hastings Ranch Drive. He has selected as his sermon theme "The Changing Image of the Church."

A graduate of Concordia College and Seminary, B.A. BD; Pepperdine College, M.A.; Chicago University and Rikkyo University, Tokyo, Japan, Ph.D., Rev. Schneider is now professor of World Religions, at Gustavus Adolphus College in St. Peter, Minnesota.

In the 8:45 a.m. Sunday school hour, the departments will continue the summer lesson studies. Meeting in the church sanctuary under the direction of Mr. Robert Beckstrom, the Adult Bible Class will study the New Testament Epistle of James.

## Dr. Barnhart Announces Sunday Services

"The Great Achievement" is the lesson-sermon of Dr. Ethel Barnhart at The Santa Anita Church, 226 W. Colorado Blvd., Arcadia, July 24 at the 11 a.m. worship service. Man's understanding of and cooperation with the laws of the universe have led to the achievement of control to a great degree, of the physical universe. However, these achievements are of no value unless he achieves the understanding according to the law of his own being and lives in harmony with it. This "Great Achievement" is the challenge of today if man is to survive. This will be the theme of Dr. Barnhart's sermon.

The youth of the Junior Church from kindergarten through eighth grade come into the sanctuary with their parents at 11 o'clock and worship with the adults for the first 15 minutes of the service. After a sermonette by Dr. Barnhart the children go to their graded classes for spiritual instruction. All children are welcomed.

A meeting for all women is held every Thursday at 11 a.m. All who are interested in building inner spiritual strengths with which to meet everyday living are invited. Treatment is given for special requests.

The Santa Anita Church Day School, a non-denominational Christian public day school offers children from kindergarten through eighth grade a unique opportunity of learning how to think and learn based upon the well-established and highly successful Mae Carden System of Comprehension and Learning. Enrollments are being taken for the 1966-67 school year. For further information call 446-8206.

"For spiritual help day or night call 447-6162," reminds Dr. Barnhart.

We service what we sell — Sierra Madre Hardware, 25 W. S.M. Blvd., 356-1421.

Mr. Sahu to attend London Bible College in London, England.

This gifted, compassionate minister preaches fluently in the Oriya, Hindi, Bengali, Assamese, and English languages. Dr. Robert N. Schaper, pastor of the church, cordially invites the public to attend the service to be held in the beautiful outdoor patio area. On Sunday morning at the 10:20 worship hour, the Rev. Hugh S. Bell, Jr. will bring the Scripture message. Mr. Bell has served as assistant pastor at Bethany Church for the past eight years, while associated primarily with Mission Aides, Inc., a missionary service organization located in Sierra Madre.

The outstanding film series on "The Life of St. Paul" is being shown at the 9 hour in the church sanctuary to people of junior high age and above. Paul's "Years of Apprenticeship" is the topic for this third episode of the 12 to be shown during the summer months. All are invited to attend.

Beside the Sunday service mentioned above, a complete weekly activity and study schedule is provided for every age group. Further information regarding the church's summer ministry may be obtained by calling 355-1409.

## Know Your Fire and Call the Department

er direct application of water.

If you have a fire extinguisher that puts out a fire with the foam process, this will smother a start at once and may save tremendous damage. In brush areas, I would say this is absolutely essential for immediate help. It also is of great help in a kitchen grease fire and other fires where something is needed at once to prevent spread till the fire department arrives.

Secondly, in a brush fire: Here the problem is very acute. The only thing you can do is to put on water with a good straight stream at the base of the flames first. If you have a good fire break, your property may not be damaged. Winds are very capricious. They can blow one way one minute and turn right back. If a fire starts, get out of the way. No time to be a hero! At this time wet as much as possible of the area around you to prevent sparks and ashes from setting more fire away from the brush. It is not your job to fight brush fires. Training is needed for this. Your job is to help at first to get it out if it is accidentally started, or to prevent damage to you and to your neighbor if it comes your way.

Frankly, there is not much you can do if a brush fire is three feet high or more brush starts and you don't

have a fire break. It's going to burn for sure right into your fence and building and even farther. This danger is greatly enhanced by high temperatures and low humidity. Brush that is dry, filled with oils as some of it certainly is, will almost explode, and the danger of standing close by is enormous.

Always remember that in grass and brush fires you are rendering an emergency service only when it first starts. Our fire department and the Forest Service will do the rest. And I might add—sure it's your property, but keep out of their way unless you have some sort of experience or equipment that can be used.

If you have a bank in back of you covered with brush, don't get any ideas the fire will go away from you up the bank. During the last few years I have noticed many bank fires reverse themselves and burn the opposite way down the bank, due to drafts. I mention this because storehouse buildings and work areas are often placed in these locations in the thinking that they are protected. You are better off having no buildings on property lines against brush and hillside areas. They merely add to the fire problem in case of a brush or forest fire.

Next week: A story or two about actual fires.

## Villa Views

simultaneously, and if you don't think it's noisy, dusty and confusing, you are mistaken.

In the meantime, Ethel Asher was trying to show her two visiting nieces from Minneapolis, Barbara and Dorothy Vessey, a little of our Southern California.

The William Baughs, also of Edgely, are excited about their anticipated summer vacation. They are taking their four children down to Mexico. They will tour the Mayan Ruins, go on to Merida in the Yucatan country, and finally spend a week on the island of Cozumel in the Caribbean. I'd be excited myself!

The Lee R. Wallaces of 1408 Edgely are an interesting couple. They bought the former Kaponya home and have been decorating and refurbishing it to complement some of their lovely Mexican and Bolivian accessories.

Mr. Wallace is the owner of the L. R. Wallace Company in Pasadena. They manufacture conveyors and other equipment and are shipping it all over the world.

They have two sons, Richard and Robert. Richard lives here in Pasadena and works with his father. Robert is with the State Department and is presently stationed in Bolivia developing the arts and crafts of the country for world-wide consumption. He just left this last weekend after two weeks in Southern California.

He and his co-workers, Mr. Pete Haines of Columbus, Ohio, and Mr. Paul Stanley of Venezuela, brought up 20 hand woven and tied wool and alpaca rugs and hand woven upholstery fabrics for American evaluation among the decorators. The show was given in New York and Chicago as well. There was no selling done at any of the shows, but it was enthusiastically accepted in all three areas. If the program goes over as it is anticipated, it will be of a magnitude to feed 200,000 Bolivians and make them self-sustaining.

## Letters to the Editor . . .

Dear Editor:  
There have been several complaints from you and merchants in Sierra Madre about the telephone promotional soliciting for the upcoming Circus which the VFW Post 3208 is putting on July 24th. We regret that our activities in this program have caused hard feelings toward us. Please permit me to explain our position.

We were approached a year ago about the idea of bringing a circus to Sierra Madre and finally signed a contract to do so. We felt then as we do now, that this was a worthwhile community activity, not a get-rich scheme that would pour monies into the treasury. We really don't look forward to any great monetary return.

A year ago our plans finally fizzled out for one reason or another. This year we were approached again and discussed it pro and con, loud and long, before signing a new contract. Our main thought was to bring something outstanding for the children of Sierra Madre and not just money.

However, the cost of bringing such a sizable show here was beyond our means and help was necessary. We knew that we alone could not raise sufficient funds to see the Big Top erected. (The cost to us amounted to more than \$1200 before a yard of canvas would be poked into the sky over our town). We could guarantee no such figure from our own efforts. Telephone solicitation of the merchants in this town and the surrounding area was the only sensible plan. Telephones or no Circus for the kids.

If we have offended you and others of the merchants and caused you an honest annoyance, please accept our most sincere apologies. It was not our intent to do so. We felt that all of you would want to join us in this community activity for the children. We wish to extend our sincere thanks to those who gave financial help in this endeavor. Many children will see their first, and perhaps, only circus because of your donations, many of them for free.

Join us in our hope that these children of Sierra Madre and the area around us have a memorable day on July 24, one to be long remembered.

Respectfully yours,  
—ERNEST T. BAILLY, JR.  
Quartermaster.

## Last Outpost Of Vanishing American . .

10—SIERRA MADRE NEWS Thursday, July 21, 1966

the name stuck, even up until its retirement to Sierra Vista Park late in 1956 (where it remains for children to clamor on and make believe).

As the city continued to grow, it became apparent that additional fire equipment was going to be needed and knowing that city funds were limited, the firemen took it upon themselves to build a fire truck. So, about 1930, they acquired a Pierce Arrow sedan and promptly tore it apart.

After many months of spare time work, and an untold number of arguments, a fire truck was born. This truck was not a pumper but basically a hose wagon. However, the men supplied a 100 gallon water tank which was pressurized with air to force the water through the small booster hose, and was very effective.

Shortly after the completion of the Pierce-Arrow, the need arose for another piece of equipment, a first aid truck. So, once again the men went to work rebuilding a Buick. This truck was equipped with all the necessary first aid supplies, including a resuscitator.

The men on the first aid team were skillfully trained. Incidentally, in 1933 at the time of the Long Beach earthquake, these men volunteered their services and their truck spent several days in Long Beach doing rescue work and treating the injured. We still have, in a frame on the wall of the fire quarters, a letter of commendation from the city of Long Beach for the work those men did during that emergency.

In 1941, when the war broke out, it was decided to increase the manpower of the department by 10 additional men. These were selected from the applicants on the waiting list. They were trained in fire fighting and entered in to all fire department activities except they did not have the

power to vote. The voting power was held by the 20 regular men.

It should be noted here that during the years the personnel of the department has changed and still does due to members retiring or moving from the city or other reasons that necessitated their leaving the department. Those men were replaced by waiting applicants, or, after the auxiliary was formed, by men from the auxiliary.

In 1942 the State, through Civil Defense, placed a Chevy tanker in our city to supplement our own equipment in the event of an enemy attack. There was, however, a stipulation by the State that the truck be manned 24 hours a day and that the men would be compensated for their time. Daytime was no problem as there were always men available at a moment's notice. Nighttime, however, was a different problem. So crews of four men each were set up to cover every night in the week. Beds and blankets were purchased and the crews began to keep their vigils and collect their pay. This practice continued for the duration of the war. The City later

purchased the Chevy tanker and it was rebuilt to better serve our purpose.

In 1944, with the war still in progress and the population of the city increasing it became necessary to retire the Pierce-Arrow truck because of its inability to pump and its unsafe condition which was due to two wheel brakes and free wheeling in all gears except low and reverse. This as you can imagine created quite a hazard when coming down a hill.

So the Fire Department

### Alladena Federal On Bonus Plan

At a recent meeting of its board of directors, Alladena Federal Savings approved the payment of a bonus of half per cent on certain \$5,000 minimum savings certificate accounts, effective July 1, 1966. This half per cent bonus, when added to the Association's current annual rate of 5 1/2 per cent amounts to 5 3/4 per cent per annum.

The bonus plan covers (1) the present saver who has a balance of \$5,000 or more in his account as of July, and who transfers \$5,000 (minimum) of such an account, or larger sums in additional \$1,000 multiples, into this bonus plan to be held there continuously for at least three years from date of transfer, (2) the new saver who opens a bonus account in the amount of at least \$5,000, or in larger sums in additional \$1,000 multiples, to be held continuously under this plan for at least three years, and (3) the present saver who adds sufficiently to his account to create a balance of \$5,000, or larger sums in additional \$1,000 multiples, to be held continuously under this plan for at least three years.

Said Arthur L. Ferris, president of the Association, in making the announcement: "This new bonus plan is designed to offer greater earnings to the long-term saver, with none of the inherent risk and fluctuation which usually accompanies high rate ventures into other investment fields. The accounts which earn the 5 1/2 per cent per annum accumulated rate offered under this three-year plan are protected by the same safeguards of insurance of accounts of \$10,000, sound management, as well as the solid benefits of our Federal charter, as we offer with our regular passbook accounts, and which have been part of our operational policy since our founding in 1934. It is also to be remembered that under this excellent long-term plan, your funds will always earn at least the regular passbook rate, currently 5 1/2 per cent per annum even if your savings are withdrawn prior to the expiration of the three-year period.

### General Meeting For Young Republicans

The Pasadena Young Republicans Club holds its July general meeting Wednesday, July 20 at 8 p.m. at the Huntington Sheraton Hotel, Pasadena. The guest speaker, Dr. Gaylor B. Parkinson, is chairman of the Republican State Central Committee.

Dr. Parkinson, long an active force in the California Republican party, will analyze the current political climate and its effects on the November election. Dr. Parkinson has received wide-spread approval for his so-called "eleventh commandment": "Thou shalt not speak ill of other Republicans." His goal is to present a unified party to the electorate in November.

Saturday evening, July 23 at 8:30 the Pasadena Young Republicans are holding their annual Polynesian Party at the home of Mr. and Mrs. Stuart Keen, 1340 Marengo Ave., Pasadena. Members and their guests are invited. Admission for members is \$1; for guests, \$2 per person.

Tuesday evening, July 26, at 8 o'clock, the International Relations Forum of the Pasadena Young Republicans will hear Professor Horace Gilbert of Cal-Tech speak on the "Economy of the Soviet Union." The meeting will be held at the International House of Pancakes, on Foothill near Rosemead in Pasadena with dinner at 7 p.m.

### Cobwebs

The friends and family of Mrs. Don Parker enjoy her travel letters from Europe.

Mr. and Mrs. James C. Heasley are at Camp Mira Mar to greet son, Sgt. Kendall Heasley, who received his discharge from the Marine Air Corps after three years.

Marilyn Effrig, Sylvia Worthington and Sally Latson spend the week at the Girl Scout camp in the San Bernardino Mountains.

Mr. and Mrs. E. P. Bradford return from their trip to Warner Hot Springs.

Mrs. Walter Nollac is elected to head the American Legion Auxiliary. Those elected to assist her are: first vice president, Mrs. Oscar Willumsen; second vice president, Mrs. Harry D. Faller; secretary, Mrs. Arthur Embree; treasurer, Mrs. Ben Stinman; executive board, Mrs. Ora Olsen, Mrs. Maybelle Barker and Mrs. Catherine Miller.

Thirty Years Ago: July 17, 1936 Robert Ingram, son of Mrs. Elizabeth Ingram, appears on a program of the Western Music School broadcast from Fresno over the Columbia network.

Mrs. W. J. Lawless attends the California Federation Democratic Women's Study Clubs at the Palace Hotel in San Francisco as a delegate from Sierra Madre.

Councilman Preston Schwartz and family, accompanied by their son, Charles Schwartz and his family, who are visiting from Rhode Island, spend a few days at Balboa.

Fifty Years Ago: July 14, 1916

A box of fruit a week is being sent to the soldiers stationed on the border by the local chapter of the Red Cross. Mrs. George Humphries is chairman of this project.

Phil Carter, Gale Williams, Roy Bowen and Harry Hawkhurst return from a very successful fishing trip at Big Bear Lake.

Mrs. F. J. Hart of Villa, with her guests, Miss Whitney of Germany and Mr. Earl Desmond of Los Angeles, and Harold and Carl Hart vacation in Long Beach.

approached the City Council as to purchasing a new fire truck. We all remember that with the war going on, many items were hard to obtain. This was also true of fire trucks, but after a lot of negotiation a new American La France was ordered and finally delivered in 1945. This truck is still in service today.

Then in 1955 it became necessary to replace "Old Snort." Old Snort was also declared unsafe to drive due to faulty brakes and hard steering, but mainly it could no longer pump, its rated capacity of 750 gpm. So, once again the City Council was approached for a new fire truck and this time we purchased a Crown built in Los Angeles.

This truck was built to our specifications, taking into consideration particular problems such as hills and narrow winding roads. We needed a truck that had the power to climb the steepest hill and one that could also negotiate the sharp turns in the canyon. This Crown truck has been proven in all respects.

Today each fireman has a radio system in his home, always kept on; when police receive a call, a button is pushed, activating all sets with a beep tone, then a voice gives a message about location and type of fire. The Fire Chief has a radio and transmitter in his own truck and these are also in department trucks, including that of the Fire Marshal. And everyone is familiar with the raucous sound of the fire horn, warning all volunteers.

Now for some of our present activities. We meet every second and fourth Friday of each month at 7:30 in the evening. The first part of the evening, from 7:30 to 9:30 is used for training and drilling and from 9 to 10 we conduct our business meeting with coffee and doughnuts served at the completion.

It has been tradition with the fire department for

over 40 years to have a dance each year at Christmas time. The men spend many evenings for about 3 or 4 weeks before the dance knocking on doors and selling tickets. The money from this ticket sale goes into a special fund which can only be used for specific purposes such as expenses of the dance, stockings for children on Christmas Eve, baskets for the needy, charitable organizations and an Easter egg hunt party for the children, held at Memorial Park every year.

The custom of a Fourth of July picnic for the firemen and their families began as insurance so that they would be available in case of emergency on the holiday. This is paid for from our "Cuss Can" fund. The money for this fund comes from the members of the department by way of fines levied at the meetings for various and sundry reasons such as cussing during the meeting. You can have one cuss sword for 10 cents or three for a quarter.

There are many other reasons for fines, such as infractions of house or safety rules, for instance, anyone who rides on the running board of a fire truck while it is running is fined \$1.

Also, time on weekends is given for the testing of fire horse which is required to be pressure tested annually. We also belong as a group to the California Firemen's Association and the San Gabriel Valley Firemen's Association. Each year we send delegates to the S.C.F.A. and once each year we host the S.G.V.F.A. here in Sierra Madre.

At this time we have a total of 22 regular firemen. We have a chief, 2 assistant chiefs, 4 captains, 5 engineers, 10 firemen including a secretary and treasurer. The regular men receive \$10 per month from the city. Most of this amount is paid out in insurance for the men; \$1 goes into our general fund which we pay for. The men have dress uniforms consisting of jacket and trousers of light wool in navy, plus a cap, which they pay for themselves, though the City buys their work uniforms of heavy cotton jacket, trousers and shirt in blue.

If a man misses a fire or a meeting he is fined \$1 (So you see we're in this for the money!) If a member misses three meetings consecutively he automatically terminates his membership.

One of the prime requisites for being a volunteer fireman is a genuine interest in the department and its functions. Another thing is he must be willing to answer an alarm no matter what time of the day or night. I might add here that all the men attending a night fire between the hours of 9 p.m. and 6 a.m. are paid for that call. This is the gratuity.

# Editorially Speaking ..

## Decrease vs. Increase!

Of course we have very little doubt that they will "get by with it," but let's take a look at what Maddox-Wagner, the minority council, is trying to propose for the taxpayer when they scream about "reducing the tax rate 5c per \$100 valuation."

This proposed decrease, based on our estimated valuation would be a reduction in the tax revenue of exactly \$11,525. Now, not all of this will be given to the property owner, as it is estimated that about 3-million of our valuation lay in the category of utility companies, hence they will also receive a reduction taken out of the above to the tune of approximately \$1,500, leaving the property owner a reduction of \$10,025 to be split up among them.

Now, we will take the average homeowner, whose home has a marketable value of \$20,000 and an assessed valuation of \$5,000. This reduction to him will amount to two dollars and fifty cents (\$2.50). This, of course, to us is "Peanuts" when you consider the services that will be eliminated, in just the Police Department alone, to think nothing of the Library and the Parks and Recreation. But this is not the real story, because this plan of theirs reeks of "Robbing Peter to Pay Paul."

Their proposal also includes an increase in WATER RATES in the amount of 20 per cent. This they say is to offset depreciation, and we will talk about that later, but this increase will mean that the homeowner and businessman will have to increase their expenses \$40,000 next year to pay the increased water rates, so their proposal saves us \$10,000 in one spot and takes away \$40,000 in another. Again to the average homeowner this will mean about \$30 per year increase, so we drop twenty-seven fifty in the reduction, but this is not the whole story.

The biggest increase in the water bills will come on the head of the businessman, who will use this increase in an "expense" item to reduce his income tax, but to the homeowner he will lose this reduction as he cannot take water as an expense, where he was eligible to take taxes as an expense, hence a few more dollars cost.

Of course the tax reduction is going to help the businessman in his inventory and personal property in business, but they propose to increase his "business license" and I'll bet you a tin half dollar that they will lose a lot more than the savings, and this will be in addition to the water increase which of course comes out of the meager "profits."

Now the proposal states that this increase in water rates is needed to accumulate a "depreciation fund, or replacement fund," but when we give the water fund a quick glance, here is what we find in the proposed budget, which does not contain the proposed rate increase. For the year 1966-67 they estimate that water sales will reach \$200,000. Out of this amount they have expenses which include \$30,000 for replacement, but still at the end of the budget year they will end up with a profit of \$21,000. The way we see it, if they increase the rates by 20% they expect \$40-thousand from the increase, \$30-thousand for replacement and a profit of \$21 thousand. \$91 thousand is a lot of moola when you are going to give back the homeowner only \$10-thousand.

Now the second part of their proposal, the one that does not reflect on the tax levy or the 5c tax reduction is the spending of \$220,000 of the contingency fund. Here is where the "bandits" wave a 5c carrot in front of you and literally swipe \$220,000 in accumulated tax money from you. But of course we do not feel that this will ever happen. A referendum was submitted against spending this money once, with the statement that "we should be in no hurry to spend it, let's study it for a year," and we anticipate that again referendums will be presented to "stop this expenditure after two months study." I am sure we are not a "bunch of fools" in Sierra Madre to buy this proposal, but only time will tell.

We, the taxpayers of the City of Sierra Madre, have chosen a way of life, we want to live this way, and in so choosing we will have to pay the bill of our desires. Our one hope in tax reduction and keeping from "Robbing Peter to Pay Paul" can only come in one "major" area, and that is in the "Sales Tax" revenue.

If citizens of Sierra Madre would shop at home, spend their dollars here instead of Pasadena, Arcadia and elsewhere, the return to Sierra Madre could be increased tremendously. If the 11,545 population, approximately 4500 families, would spend only \$100 per year per person for taxable merchandise in Sierra Madre instead of outside our corporate limits, this in itself would result in a return to the City of \$11,545 that is now entering the coffers of our sister cities. Of course, I agree that building permits, variances, lot splits and engineering fees should be increased to offset the expense, but our only recourse to reduce the taxes of the property owners is Sales Tax, and a close, but not idiotic reduction in unnecessary expenses.

## Poverty In Sierra Madre?

It did our hearts good at this last regular meeting of the Sierra Madre Council to hear the presentation given by Mrs. Joyce Wenger, co-author of the book "Pass the Poverty Please," as she presented the negative side of becoming involved in the war on poverty.

After listening to the elaborate presentation of the previous meeting of those involved in "Community Action Program" and other phases of the Youth Opportunities Agency under the direction of an agency headed by the controversial Congressman William Clayton Powell we began to feel that we were going to have the dubious honor or being selected as one of the "pockets of poverty" that was "ripe" for Federal "aid."

It is obvious, at this point, that the Council does not feel our local people should have to fall in line with the federal program that could spell disaster for local control over aid to the suppression of any kind of poverty that might possibly exist in a city of our high caliber.

Mrs. Wenger briefly touched on some of the more obvious abuses being brought to light on the "war on poverty." She also questioned the motivation of some of the people involved in the program and said she felt that it was not necessary to become involved in this program which could later drain heavily on the taxpayers.

## FREEDOM AT ANY PRICE

by  
DR. HENRY V. WITTY

Management of this newspaper is not capable of answering questions to this editor, however, letters to the editor will be published and answers forthcoming from the writer. Articles are of the writer's opinion and do not necessarily reflect the policy of this newspaper.

Historically, the "big lie" has proven to be an effective subversive weapon against free people. Apparently the "big lie" is a working part of the present strategy behind the so-called grapepickers' strike in the vicinity of Delano, California.

Since the later part of 1965, the news media has been well saturated with tear-jerker tales concerning the plight of the poor San Joaquin Valley grapepicker. The emotional impact of such stories has been intended to tug at the tender heartstrings of every fair-minded American.

Who but the hard hearted, or the oppressor of human dignity, could resist joining in spirit with a dauntless group of five thousand abused, but determined, victims as exemplified in "Grapes of Wrath"? Who would deny a downtrodden grapepicker the right to strike, the right to break his imprisoning shackles, the right to tear his overseer's cruel lash to shreds?

Is this a true and honest evaluation of what has really been going on in Delano? We have been led to believe that such is the case. According to Gary Allen, an on-the-spot observer, it is not! Mr. Allen is a Los Angeles film writer, journalist and lecturer. He is a graduate of Stanford and has covered the Watts riots, the Berkeley demonstrations and the so-called Delano grape-pickers' strike.

Mr. Allen tells us that the Delano "grape strike" is nothing more than a revolutionary fiction, a phoney, a fake. "It is not over wages or hours or working conditions, at all," says Allen. "It is a strike that is not really a strike."

Mr. Allen asks the question: How can a strike not be a strike? "Very simple," says he, "when the workers are still at work, but are being picketed by outsiders who never worked there... Contrary to what the mass media has been telling the public, the workers have not been on strike in Delano; the workers are, in fact, being struck by outside revolutionaries."

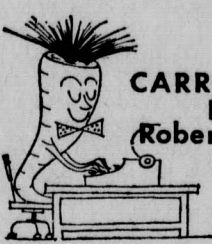

According to Allen A.F.L.-C.I.O.'s Agricultural Workers' Organizing Committee (AWOC) called a strike and was later joined by Cesar Chavez's upstart National Farm Workers' Association (NFWA) — "but the 'strike' leaders were generals without armies. Workers wanted to work, not strike. So it was that the organizing revolutionaries assembled a crew of outsiders, set up picket lines and declared that the people out in the fields picking grapes, the same ones who for the most part have been picking grapes there for years, are strike-breakers and scabs. Of course, it is not true, but how will the people in the cities know?"

"Out of this farce has arisen fantastic propaganda, virtually all slanted toward the phoney 'strikers.'" Mr. Allen explains: "The phoney 'strike' is ostensibly over a demand by the 'unions' to be recognized as bargaining agents for the workers (in spite of the fact that virtually none of them had joined) and a 'union' wage demand for \$1.40 an hour plus 25 cents per box of picked grapes. The absurdity of this grandstand stunt becomes obvious to anyone who wishes to check the audited payroll sheets of the various growers, which show that wages now

vary from \$1.80 an hour up to as high as \$4 to \$5 an hour in some piecework situations.

"Then what is going on here? This doesn't make sense! We have a strike without workers, with 'outsiders' demanding lower, not higher pay; we have vast coverage in the mass media pretending to take the matter seriously and repeating slogans right out of a dozen Communist revolutionary organs; we have the mass publication of falsehoods easily demonstrated as such by even a cursory investigation of the situation. Yes, something strange is happening at Delano. But what?"

Next week we shall attempt to answer the questions "but what?" and "who done it?"

CARROT TOP  
By  
Robert Evans

need additional attention focused on the situation.

Take, for instance, the "pirating" of the contingency fund of the city, the one saved over years for a new Civic Center. Seems the irate taxpayers stopped the building of the Civic Center, not because of the money, but because of the location.

Now that advocates of "let's wait for a year and study the situation" are trying to spend the money in other fields, and those on the other side are about to create the same situation... a referendum to stop the spending—I could have predicted this a month ago—what is fit for the goose also is fit for the gander... money and the control of it, sure make a lot of difference in some people's thinking... Just watch this little wiff of smoke grow into a man-sized forest fire...

I read with great interest in Rudolph Hartman's column where drugs are one item, and maybe the only one, that has declined in price in the last few years. We owe a great tribute to drugs, and pharmacies such as Hartman's, who do all they can to keep us healthy at a cost that we can certainly be more than willing to pay.

Of course I read the other day that science is making so many strides ahead, almost daily, that it gets increasingly difficult for the layman to keep up. Latest invention we've heard about is a toothpaste with built-in particles for people who can't eat between every brushing.

In closing the column for this week I give you the following advice... "Whenever an individual or a society is confronted with major decisions, there is invariably the problem of choosing among old and new values, or some combination of both. I suggest that in making our choice we lend weight to those values which will still further enhance the dignity of all men. I say this because I cannot dignity with faithfulness, knowledge, self-discipline, responsibility, courage and compassion, not just some of these, but all." I hope, I hope, I hope.

## OUT OF THE COBWEBS

Five Years Ago:  
July 13, 1961

City employees baseballers lose, 21 to 17, to a team made up of the coaches and managers of the Little League.

More than 90 guests attend the Civic Club's annual summer party, "An Early California Bar-B-Que" at the home of Mr. and Mrs. Claude H. Brown Jr.

Mr. and Mrs. David L. Roess enjoy a vacation at Balboa Island.

A "This Is Your Life"

party is held for Miss Agnes Wolcott in Pritchard Hall at the Sierra Madre Congregational Church, honoring her 80th birthday.

Capt. Henry Neutzel, back in reserve training, makes five round trips to West Germany.

Lester R. Anthony of 248 San Gabriel Court acquires "Rosy Boa," a California boa constrictor.

Twenty Years Ago:  
July 18, 1946  
Joseph Grippi receives his Naval discharge at Termini. Please turn to Page 10

Joseph W. Dauben  
On Dean's List  
At Claremont

There were 194 students named to the Dean's List at Claremont Men's College last semester, with 12 students receiving all A's. Dean Harold McClelland announced this week.

Receiving "B" average or better was Joseph W. Dauben, a senior last semester, son of Mr. and Mrs. Elmer J. Dauben, 401 N. Sunnyside.

The Rudolph Hartmans are only whispering about the spate of company they have had recently, so friends won't scold Mrs. Hartman for not resting. (She really has been taking it easy).

## Take your problems to CHURCH this week --

millions leave them there!

OF  
tennis  
AND religion

It happened on the very first point as every-one knew it would. The champ was testing the challenger's backhand.

Champs are like that. Right from the start they probe for some flaw in the opponent's game. And when they find it — look out!

Life is just as probing and relentless. Quickly it uncovers our weaknesses... then assaults them again and again.

Is that why men go to church? It's one of the reasons!  
Victories never come with glorying in our uncertain strength. They come with doing something about our proven weaknesses.

Long ago it became trite to observe that the Church is meant for sinners rather than saints. But it is sound Christian living to recognize honestly our shortcomings... and constantly, persistently to seek God's help in overcoming them.

## Al-City Outdoor Art Festival

More than 3000 works of art, including entries from several local artists, will be on free public exhibition during the 14th Annual Outdoor Art Festival in Los Angeles' Barnsdall Park, July 16-24, under sponsorship of the Los Angeles Municipal Art Department.

Purchase and cash awards totaling \$7200, donated by Home Savings and Loan Association, will be awarded selected entries, with the winning purchase award paintings slated to be displayed in the local Home Savings office during the coming months.

In addition to the mile-long art exhibit, there will be a number of additional daily entertainment attractions, including marionette theatre showings, band concerts, Shakespearean plays and folkloric group dancing exhibitions.

Admission is free and free shuttle bus service will be provided from the Hollywood Blvd. entrance to the festival grounds in Barnsdall Park located at 4800 Hollywood Blvd., one block west of Vermont Ave. Exhibit hours are from 11 a.m. to 7 p.m. daily.

Small Appliance Repairs our specialty — Sierra Madre, 25 W. S.M. Blvd., 356-1421.

## Letters to the Editor

Dear Editor:

Basically, the vast majority of American people are honest, God fearing, hard working, conservative individuals. They love their country, its flag, the opportunity to worship as they see fit, and above all, cherish their self respect. They know that the United States became the greatest nation ever conceived in less than one hundred years as a direct result of the Constitution and the Free Enterprise System.

It is safe to say that today, these same freedom loving Americans are becoming confused and uncertain. The various governments, at every level from Federal on down, are bloated with socialist welfare programs and personnel, and are rapidly taking away the individual's personal and property rights under the guise of "social reform," "civil rights" and many other high sounding phrases.

Newspapers all over our nation, and locally those such as the L. A. Times, Pasadena Independent and Star News and Sierra Madre Tribune, have decided to print not the news, but rather their version of the news — always slanted to the glorification of bureaucratic welfare spending, socialists and fellow travelers. Even many of their photographs are contrived frauds to show "police brutality."

Most national news and pictorial magazines, such as Look, Life, Newsweek, Time, Saturday Evening Post, etc., openly question the validity of retaining our Free Enterprise System, and twist and contort evidence to prove that Socialism (under the name of liberalism), is the wave of the future.

Many ministers proudly proclaim that it is the duty of people to engage in civil disobedience, riot if necessary, in order to correct "social injustices." Our schools are heavily infiltrated by teachers who are known socialists and communists, and who agitate and join in student demonstrations against our form of government and our foreign policy. Filthy speech, free love and hallucinatory drugs are common on our college campuses as a direct result of these people.

We engage in wars the administration obviously does not intend to win, and thousands of our finest young men are butchered and maimed by the communists, only to see the nation where they died turned over to the communists as soon as our government can get the enemy to the "conference table."

We continue to carry the United Nations when we know full well that it was conceived by the communists, set up by Alger Hiss, a communist traitor, and is now controlled by the communists and their puppets. We will no doubt admit Red China in a year or two, as advocated by Ralph Bunche and many in the present administration.

We watch as every Monday morning the U.S. Supreme Court gives aid and comfort to the communists by completely destroying the clear meaning of the Constitution, and our local courts coddle hoodlums and gangsters to give them another chance to steal, rape and murder.

No wonder the American people are confused!

What has gone wrong? How can these things be? Why is there such a psychotic frenzy by the liberals to destroy the decent organizations and groups who defend their nation as it was intended and has always been until recently?

The answer is very very simple. The "liberal" movement, and that is exactly what all of the foregoing amounts to, is under the complete domination of the socialists, sympathizers and communists. Those who kid themselves by believing otherwise should open their eyes and look around, and just think about it for a moment.

The John Birch Society is constantly being referred to by the liberals as a threat to American freedom, and is usually likened to the Ku Klux Klan, Nazis and other racist and extreme groups. This is a lie, a fraud and a conscious effort to destroy the one organization which has made progress in educating the American people as to the danger of the world communist conspiracy.

The liberals say there are actually very few communists and fellow travelers in our nation. EIGHTY-SIX THOUSAND people voted a few weeks ago for a life-long avowed communist, and this in only one county? No danger? The Birch Society says there is extreme danger, and those who deny it now are utter fools or agents of the same communist conspiracy.

Communism has brought about the wholesale murder of millions of souls all over the world in the past fifty years. It is a vicious, bloody sort of power-hungry fascism — not a noble social experiment. The John Birch Society is fighting communism.

The liberals say the John Birch Society cannot be allowed to continue. I'll let you make the connection. I am proudly a member of

## County Population 7-Million

More than 7,000,000 people are now residing in the largest county in the nation, an increase of 50,000 since the first of the year, it was reported July 12 by the Research Department of the Los Angeles Chamber of Commerce.

According to Chamber researchers the population of Los Angeles County officially passed the 7 million mark as of July 1, 1966. The estimates, based on official compilations by the Census Bureau and current data from the Los Angeles County Planning Commission, take into consideration a slowdown in population growth from a decade ago.

The current annual rate of increase is hovering around the 135,000 mark, the report noted. Ten years ago Los Angeles was adding 200,000 annually to the County population.

The 6 million mark was reached at the end of the year 1959. In the past 6½ years one million residents have been added to the County total, the equivalent of a city the size of Baltimore, which is the seventh largest city in the United States. During this period the annual rate of growth was 154,000 per year. Between the end of 1954 and the end of 1959, the annual rate rose to 200,000 per year, and the population of Los Angeles County increased from 5 million to 6 million residents.

The 1920's were the years of the greatest percentage gain in the history of the County. Los Angeles recorded its first million in July, 1920, and its second million in October, 1927 for a percentage of change (135.8%). In the 1930's, population growth — both national and local — slowed down, but Los Angeles gain still out-ranked all other major U.S. areas.

Just before Pearl Harbor (November, 1941) a population of 3 million was reached. Six and one half years later, the mass migration to the West combined with the post-war baby boom to boost Los Angeles County's population to over 4 million.

Los Angeles became the most populous county in the nation in October, 1953, when it passed Cook County (Chicago), Illinois. Since that time it has been widening its lead over the mid-western metropolis.

Los Angeles County ranked second in population in the 1940 Census, and third — behind Cook County and King's County (Brooklyn) — in the 1950 Census. The five boroughs making up the City of New York are separate counties — Bronx, Kings (Brooklyn), New York (Manhattan), Queens, and Richmond.

The County reached the 10,000 mark in March, 1959. Because of a change set of circumstances, Los Angeles County passed the 100,000 population count twice! In June, 1888, Los Angeles tallied its 100,000th resident. In March, 1889, the new county of Orange was formed out of Los Angeles County, bringing the total below 100,000.

In less than one year, burgeoning Los Angeles County reached the 100,000 mark for the second time, and from that time to this its growth has never been halted. In 1910, Los Angeles boasted a population of a half million which doubled in the following decade.

Based on the forecasts of the Chamber's Population Study Committee, Los Angeles County's population will reach the 3 million mark before 1975, and 9 million in the first half of the 1980's.

There could conceivably be 10 million residents in Los Angeles County in the year 2000.

The Birch Society, along with many Jews, Negroes, Democrats, doctors, laborers and other good Americans. We all have only one thing in common: We hate and fear communism, socialism and welfare-statism, and we believe in MORE INDIVIDUAL RESPONSIBILITY, LESS GOVERNMENT, and GOD WILLING — A BETTER WORLD.

— S. R. BROCK

## You and Your Neighbor

by Mary-Modelent Lamphier

Not only swinging but stupendous in scope was the old-fashioned Fourth of July party and family reunion hosted jointly by the Will Udells and the Jay Slaters of N. Lima St.; about 175 people came, trilling from all over, and the shindig had been some five months in the planning.

Miles of red, white and blue bunting made both yards festive and patriotic; entrance was along the Slater driveway with a multitude of tiny flags ending in a huge one over the path's end; hostesses Ann Udell Tina Salter wore specially made tri-color gowns and the men wore plaid vests, derbies and red sleeve garters. Two babysitters were on hand to tend small fry and give mothers a break; young and the adults, beer, corn and the big spread of all kinds of sandwiches, etc. The games of horseshoes and darts set up outside were going all afternoon, outdrawing the bridge, poker and pool table available; later, there was dancing and the party lasted from 2 p.m. till well past midnight. From out of town came Udell's grandmother, Mrs. Sadie Warshaw from Cleveland, Mrs. Violet Linker (Deborah Linker is Ann Udell's sister) came from Chicago, and Jay Salter's parents, Mr. and Mrs. Dar Barret came from La Canada with his sisters. Among the Sierra Madre guests, in addition to the James Linkers and Mrs. Sylvia Watts, David Watts, and Forest Watts, recent graduate of PHS, were Mr. and Mrs. D. Alcorn, Mr. and Mrs. Larry Beam, Mr. and Mrs. Don Bohler, Don Butcher, Mr. and Mrs. Gary Ewald, Mr. and Mrs. John Holcomb, Mr. and Mrs. Ray Lorenzine, Mr. and Mrs. Bill Lambdin, Mr. and Mrs. McNaul, Mr. and Mrs. Miner Harkness, Mr. and Mrs. Jim Oldham, Mr. and Mrs. John Olt, Mr. Larry Samuels, Mrs. Sadie Schmidt. Also Sandra Werthwine, home from college at Santa Barbara, brought over Mary and Joan and John whom she is "supervising" while the Werthwine parents are in the Orient, and Mr. and Mrs. Mel Morris brought over son Larry, back a couple of months from his tour in Germany, and son Ronnie, just returned home from good from Viet Nam. Matter of fact the party was meant to be partly a homecoming for these boys. Quite a homecoming, eh?

— ☆ —

The Ralph Hurwitz will be taking a couple of weeks to travel to the High Sierras to the June Lake area, where, besides getting in some fishing, they'll hunt rocks and visit the glass buttes where the hardened lava looks like obsidian all around. Three other couples will go with them — sounds like pleasant model evenings, etc.

— ☆ —

Mr. and Mrs. Edward Fish, 30 W. Mira Monte, plan a visit to the farm of her parents, Mr. and Mrs. Earl Parson at Tulalake, which of course will be paradise for Michael at 4 and Christie at 2. The family has only lived here in Sierra Madre since March, coming from Altadena — love it, of course.

1990's, a point in time which is closer to us than the beginning of World War II. During the past ten years, net immigration has accounted for about 50 per cent of the total increase. The present rate (41%) is the lowest since before World War II. However, even in current terms this influx and natural increase is far greater than that experienced by most cities of the world at any time in history.

Currently Los Angeles County is growing at a rate of 360 new residents daily — 210 represent the natural increase of births over deaths, and 150 are accounted for by net immigration.

Landscape of a vacation: (or perhaps, book of philosophy on): Stanley "Coot" Coutant, who got all those printing honors at PCC, had a vacation with his parents, Mr. and Mrs. Stanley Coutant, 666 E. Sierra Madre Blvd., which combined visits to assorted relatives, glimpses of his parents' old stamping grounds, much Americana, and some printing study tours ("Coot" will be continuing his printing studies at LA State, hopes to teach it some day). The family first flew to Washington, D.C. and stayed in Silver Springs, Md., with Commander and Mrs. Mark T. Essling (sister of Martha Coutant) and their three daughters. Congressman Glen Lipscomb received them cordially and arranged some tours. Of special interest to Coot was the two-hour tour of the Government Printing Office and his talk with Deputy Public Printer Ray D. Merold. They visited White House, FBI House and Senate, Mt. Vernon, heard Marine Band at the Watergate, rode to top of Washington Monument, walked back down all those 800 steps. They rented a car to drive to NY through Amish country and there toured the harbor by boat, saw the day and night versions of Greenwich Village (day for families, night for looks), and claim Eastern drivers consider pedestrians just hazards thrown in for fun in the crazy competition to see who gets where first. By way of contrast, a steam train ride took them thru quiet green, rivers and waterfalls on toward visiting points in New England to see friends and relatives; they were in Connecticut, New Hampshire, Massachusetts, Vermont, Maine. The old home town of Arlington, seemed to have shrunk considerably since last seen over 30 years ago; the old cottage on Lake Winnepesaukee, N.H., had a collapsed roof, so there was also the inevitable note of sadness in revisiting scenes of the past. But the montage of pictorial memories retained is happy and varied: swan boats in Boston, Lincoln Memorial and Washington Monument by moonlight, summer theatres, and NBC in NY, the Smithsonian and Boston's Museum of Science, and all the variations in countryside from rolling hills in Pennsylvania to rocky coast of Maine. A very classic vacation!

## LEGAL NOTICE

CITY OF SIERRA MADRE, CALIFORNIA

## NOTICE INVITING BIDS FOR SUPPLEMENTARY STORM DRAIN PROJECTS

Sealed proposals will be received at the office of the City Clerk, City Hall, 55 West Sierra Madre Boulevard, Sierra Madre, California, until 10:00 a.m., on August 4, 1966, for Item No. 2 only of Supplementary Storm Drain Projects. The work includes furnishing all materials, labor, and equipment for the construction of catch basins and connector pipes and for improvements to the Floral Debris Basin. The work is located within the City of Sierra Madre. All work must be completed within calendar days after execution of the contract by the City.

The proposals will be publicly opened and read in the Council Chambers of said City on the date and at the time above-mentioned, at the Sierra Madre City Hall, or at the office of James M. Montagna, Consulting Engineer, Inc., 535 East Walnut Street, Pasadena, California, upon payment of a deposit of \$100.00 for each set of specifications and accompanying drawings. Said deposit will be refunded upon return of the specifications and drawings in good condition within 30 days after the proposals are opened. The specifications for SUPPLEMENTARY STORM DRAIN PROJECTS.

Inspection of the site will be held at 9:00 a.m. July 23, 1966, leaving from the City Hall. All bids received will be reviewed and presented to the City Council on August 9, 1966.

Each proposal must be accompanied by a certified or cashier's check or bid bond in the amount of ten percent of the estimated aggregate amount of the bid as a guarantee that the bidder, if an award is made to him in accordance with the terms of his proposal, will promptly execute a contract in the required form, secure satisfactory faithful performance bond and a labor and material bond. Each of said bonds shall be in the amount of \$100.00 for each of the estimated aggregate amount of not less than fifty percent under the proposal. In addition to the payments to be made the bidder shall furnish a financial statement of recent date. Failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection.

Notice is hereby given bidders that in accordance with the provisions of Section 1770 of the Labor Code, the City Council of the City of Sierra Madre has ascertained the prevailing rate of per diem wages for each craft or type of workman or mechanic needed to execute the contract and will be awarded the successful bidder. A schedule of said general prevailing wage rates is as follows:

CLASSIFICATION	RATE PER HOUR
<b>CARPENTERS</b>	
Carpenier	4.64
Millwright	4.64
Saw Filer	4.72
Table Power Saw Operator (Health and welfare—18 cents per hour)	4.74
(Pension—25 cents per hour)	4.74
(Vacation—15 cents per hour)	4.74
<b>CEMENT MASONS</b>	
Cement Mason (Health and welfare—20 cents per hour)	4.46
(Pension—25 cents per hour)	4.46
(Vacation—15 cents per hour)	4.46
<b>IRON WORKERS</b>	
Reinforcing Iron Worker (Health and welfare—23 cents per hour)	4.82
(Pension—15 cents per hour)	4.82
(Vacation—15 cents per hour)	4.82
<b>LABORERS</b>	
Laborer—General or Construction	3.60
Operator of Pneumatic and Electric Tools, Vibrating Machines, and similar mechanical tools not separately classified herein	3.81
Concrete Saw Man, Machine Tractor Type	3.81

Buggymobile Man (on 1 yd. or larger mixer and handling bulk cement)	3.81
Concrete Curer—Impervious Membrane and Form Oiler	3.81
Orbiter or Shorer	3.81
Flagman	3.96
Laying of all non-metallic pipe, including Sewer Pipe, Drain Pipe and Underground Pipe	3.81
Making and Caulking of all non-metallic Pipe Joints	3.91
Tarman and Mortarman	3.79
Watchman	3.65
(Health and welfare—16½ cents per hour)	2.94
(Pension—15 cents per hour)	2.94
(Vacation—10 cents per hour)	2.94
<b>OPERATING ENGINEERS</b>	
A-Frame or Winch Truck Operator	4.86
Engineer—Oilier and Shovel	4.38
Air Compressor, Pump or Generator Operator	4.38
Concrete Mixer Operator, Skip Type	4.62
Equipment Greaser	4.58
Fireman	4.62
Heavy Duty Repairman	5.16
Heavy Duty Repairman's Helper	4.98
Motor Patrol Operator (any type or size)	5.26
Roller Operator, Compacting	4.97
Skip Loader—Wheeltype—Ford, Ferguson Jeep or Similar Type ¾ yard or less (Without dragtype attachments)	4.62
Tractor Operator—Dragtype Shovel, Bulldozer, Tamper, Scraper and Push Tractor	5.16
Tractor Operator with Boom Attachments	5.26
Trenching Machine Operator (Up to 6-foot depth capacity, manufacturer's rating)	4.97
Trenching Machine Operator (Over 6-foot depth capacity, manufacturer's rating)	5.26
Universal Equipment Operator (Shovel, Buck Hoe, Dragline, Clamshell, Derrick, Derrick Barge, Crane, Pile Driver and Mucking Machine (Health and welfare—15 cents per hour)	5.26
(Pension—15 cents per hour)	5.26
(Vacation—10 cents per hour)	5.26
<b>TEAMSTERS</b>	
Driver of Dump Truck of:	
Less than 4 yds. water level	4.20
4 yds. but less than 8 yds. water level	4.23
8 yds. but less than 12 yds. water level	4.28
Driver of Truck Legal Payload Capacity:	
Less than 6 tons	4.20
6 tons to 10 tons	4.28
10 tons to 15 tons	4.58
Driver of Dumpster Truck	4.58
Driver of Transit-Mix Truck—Under 3 yds.	4.58
Driver of Transit-Mix Truck—3 yds. or more	4.58
Dumpcrete Truck, less than 6½ yds. water level	4.44
Dumpcrete Truck, 6½ yds. water level and over	4.58
Water or Tank-Type Truck Driver—Under 2500 gals.	4.26
Water or Tank-Type Truck Driver—2500 gals. to 4000 gals.	4.38
Truck Greaser and Trenchman	4.38
Truck Repairman	5.165
Truck Repairman's Helper (Health and welfare—20 cents per hour)	4.435
(Pension—15 cents per hour)	4.435
(Vacation—10 cents per hour)	4.435

The City reserves the right to reject any or all bids, to waive any informality in a bid, and to make awards as the interests of the City may require. This notice is given by the order of the Council, City of Sierra Madre, California.

CITY OF SIERRA MADRE  
By: L. Marie Warfel  
City Clerk

Publish Sierra Madre News July 21 and 22, 1966

Our Mel Stine, now that he has stepped out of the Parks and Recreation Commission after six years of devoted service, is having a fine week's vacation at Bishop with his wife Billie, who has likewise earned it, what with to boys still at home, Jon, much involved with Little League, and Chris with the biology summer school bus. Ed's mother, Mrs. Marjorie L. Atwood, come up from Leisure World to "mind the store" while the Stines are away. It's been a very busy time for them; besides the graduation of Chris from Wilson and Mel struggling with city budget, there was the excitement of learning of the marriage in New England of their niece Buff, daughter of Mrs. Nicholas Keough, Billie's older sister.

who lives in San Diego. Seems that Buff, who had been trained as a technician, decided to see New England, and a slew of relatives all the way from Vermont to New Jersey before she settled down. Once there, she took a job at a hospital in Vermont and now has married a local lad, a cousin, and will be living not too far from Stine's nephew and wife, Alexander T. McBride, III, called "Sandy" and his wife Julie, who live at Poltney, Vermont. And just this past week, Sandy and Julie have been out here, visiting family and then taking in Yosemite and the Grand Canyon. If you are dizzy, how about the Stines? Buff and her new husband expect to get here in August for family visiting and introductions. Sandy teaches art, which reminds me of the old Billie Totting a good-sized class to be framed — she's been going to art — classes this past winter.

Another clan that has had lots of news going on is the Osti family. Susan Osti is now in Hawaii, visiting her father's sister, Louise. She will be joined there in August by her mother Yvonne, accompanied by Cheryl and Butch. They are trying to persuade Bob to go with them. He had a fine surprise birthday party on the Fourth, surrounded by baseball managers. Special reason for making the trip to Hawaii this summer is to be there before Louise leaves in October, when her husbands, Chief Petty Officer Bob Sulank will retire from the Navy and come back here with his wife to settle around Sierra Madre near the big Osti clan. Recently Diane, daughter of Bob's sister, Mrs. Florence Brooks, was married to Jim Alvey, son of Syrious and Delores of 1561 W. Grand View, and the son of Robert W. Grand, son of his sister, Mrs. Mary Morgan, was married to Sherry Stewart, daughter of Dr. and Mrs. Allen of Hastings Ranch.

Your Friendly and Sincere  
Hardware — Sierra Madre  
Hardware, 25 W. S.M. Blvd.,  
356-1421

At the regular monthly meeting of the Board of Directors of Chamber of Commerce, held July 12, the consensus of opinion that the Chamber should take a more active interest in municipal affairs, but into action by devoting a portion of meeting time to a presentation of the city budget needs made by Councilman Ed Wagner. His painstaking and beautifully charted survey of how a balanced budget should look in graphs elicited the group's thanks and the comment that other points of view should also be an opportunity for consideration before the Chamber could arrive at any possibility of any kind of endorsement.

Two political matters for Chamber consideration re-endorsement or disassociation were presented by Jerry Asher; a protest against Congressional legislation restricting individual right to rent according to owner choice, and whether or not the city of Sierra Madre should join with Pasadena, to create a Community Action Group. Mr. Asher brought up these points: why Pasadena, why not Arcadia; why not an independent entity; what necessity, with the existing service groups here and how would the community be able to match any Federal funds granted to such a group, which are suggested to be 10 per cent the first year, 50 per cent the second. Both matters will be considered before any motion is made.

A motion was made and accepted, however, to endorse the position of the National Chamber of Commerce that both present term of office of Congressmen and present mode of their election should remain unchanged.

Other business was covered briefly. The summer mailer is ready to go. Gordon Baker Lloyd has offered to mimeograph Chamber minutes to save costs, and also to add material to make this monthly mailing more of an interesting newsletter. Bob Green is continuing to look into practices of Chambers in

communities of comparable size in a study to produce suggestions for increasing the membership and handling the dues structure, with the possibility, among other things, of adding an associate membership bracket.

Memographed sheets on work details for proposed shelter in Kersting Court for dual purpose of sheltering bus passengers while waiting and providing shelter for annual nativity scene were distributed and will be presented July 28 to the Parks and Recreation Commission.

Note was made that 130 vests for Fourth of July were worn on the street, at a total cost to Chamber of \$186, and that along with much favorable comment, so that some who had refused them wound up protesting that they had not received any; those not wearing them were asked why not. It was suggested that next year City employees ought to wear them,

Plans to raise funds by an autumnal turkey shoot are going along. A portion of the meeting was given to a presentation to bring in a children's show in November which would provide tickets for merchants to give to customers and would guarantee at least a \$200 profit to the Chamber with a possible take of \$500.

A very human note was added by the need of Chamber President Doug Delahooke to leave early in order to take his wife to the hospital to have a baby.

Four physicians on the faculty of the University of Southern California School of Medicine were presented with an Honors Achievement Award by the Angiology Research Foundation of New York at a special ceremony recently at Los Angeles County General Hospital.

The award was given in recognition of the doctors' significant contribution to the literature of vascular medicine and surgery. A duplicate award was presented to County Hospital, where the research was accomplished, for its role in providing the research atmosphere which fosters such efforts.

Dr. Victor K. Mikity, USC associate professor of radiology, of 648 Edgeview Dr., Sierra Madre, was honored for a report published in the journal, Viscular Diseases, last November.

Selection of the award recipients was based on a review of all papers published during 1965 in the journals, *Angiology* and *Vascular Diseases*. Individual citations were presented to each of the doctors.
